Providers

Getting started in Molina Dual Options MyCare Ohio

This section explains key terms you'll see in our Provider and Pharmacy Directory.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports, supplies, prescription drugs, equipment and other services.
    - The term *providers* also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
    - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider** (PCP) is a doctor, nurse practitioner, or other health care professional who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
    - **Oncologists** care for patients with cancer.
    - **Cardiologists** care for patients with heart conditions.
    - **Orthopedists** care for patients with certain bone, joint, or muscle conditions.
- You also have access to a **Care Manager** and **a care team** that you choose. Your PCP will work closely with your Care Manager and care team.
    - Your Care Manager helps you manage all your providers and services. He or she works with your care team to make sure you get the care you need.
    - Your care team includes
        - You
        - Your family members and/or caregiver(s)

        - Your Primary Care Provider (PCP)
        - Your Care Manager
        - Other doctors who provide care to you
        - Other Molina care management team members, who know you and are familiar with your health care needs
    - Everyone on the care team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that he or she can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

Choosing a Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider, or PCP. If you do not choose a PCP, we will assign one to you. You may be able to have a specialist act as your PCP. You may need this because of complex medical needs. We have a network of specialty providers to care for our members. If you need a specialist as your PCP, Member Services can help you find one.

To choose a PCP, go to the list of providers on page 1 and:

- choose a provider that you use now, ***or***
- choose a provider who has been recommended by someone you trust, ***or***
- choose a provider whose offices are easy for you to get to.

You can also use our Provider and Pharmacy Directory to find a PCP in the Molina Dual Options MyCare Ohio network. The directory is on our website at www.MolinaHealthcare.com/Duals. Click on “Find a Doctor or Pharmacy.” If you need a printed copy of the directory or help picking a PCP, call Member Services. You can also call your Care Manager for help.

→ Keep in mind that if you do not choose a PCP, Molina Dual Options MyCare Ohio will choose one for you. If you would like to pick a new PCP, please call Member Services or your Care Manager.

→ If you want help in choosing a PCP, please call Member Services at (855) 665-4623, Monday – Friday, 8 a.m. to 8 p.m., local time. TTY users should call 711. The call is free. Or, visit www.MolinaHealthcare.com/Duals.

→ If you have questions about whether any service or care that you want or need is covered, talk to your Care Manager or call Member Services to ask **before** you get the service or care.

Getting long-term services and supports

You may be able to get long-term services and supports (LTSS) which are also called Medicaid "waiver services", such as services that help with bathing, dressing, grooming, transfers, feeding, chores and homemaking as a Molina Dual Options MyCare Ohio member. Long-term services and supports give assistance to help you stay at home instead of going to a nursing home or hospital. If you need help with daily activities, ask your Molina Care Manager. Call Member Services at (855) 665-4623, TTY/TDD: 711, Monday – Friday, 8 a.m. to 8 p.m., local time.

Identifying Providers in Molina Dual Options MyCare Ohio's Network

You must get all of your covered services from providers within our network. These providers have an agreement to work with us and provide you services. We call these providers "network providers."

The exceptions to this rule are when you need long-term nursing home care, urgent or emergency care, or dialysis and cannot get to a provider in the plan, such as when you are away from home. Also, for a specific period of time after your enrollment with Molina Dual Options MyCare Ohio, you can see your out-of-network physicians and other service providers, including nursing homes and assisted living providers, home health nurses, aides and LTSS or "waiver services" providers. You can also go outside the plan if Molina Dual Options MyCare Ohio gives you permission first. Call Member Services to ask for the use of providers outside of our network, so we can make arrangements for you.

→ You may change providers within the network at any time. If you have been going to one network provider, you do not have to keep going to that same provider. You can change your PCP once a month. If you ask to change your PCP during your first 30 days with the plan, the change will happen right away. If you ask any time after your first 30 days, the change will happen on the first day of the next month. However, we recommend you first visit your PCP to get to know him or her before changing. You can call Member Services if you want to learn more about any of our providers.

→ Molina Dual Options MyCare Ohio works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.

Based on the Americans with Disabilities Act (ADA), this directory lists the accommodations a provider's office needs to be accessible for persons with disabilities. When looking for a provider in this directory, check the footer for the symbols that tell you how accessible a provider's office is to persons with disabilities. When you see the B symbol for "Basic Accessibility," that means the provider's office has:

→ Accessible parking.
→ Parking spaces that are easy to get to. Also, parking area has ramps and curb cutouts.
→ Automatic entry or another entry option.
→ Elevator for public use with enough room for a wheelchair or scooter.
→ Restroom with large stall and safety bars.
→ Waiting area with enough room for a wheelchair or scooter to move and turn.
→ At least one exam room ready to serve persons with disabilities.
→ Clear signs that help patients easily find their way.
→ Doors to building, office and patient rooms that are at least 32 inches wide.

→ If you need to see a provider and are not sure if they offer the accommodations you need, Molina Dual Options MyCare Ohio can help you. Talk to your Care Manager for assistance. Or call Member Services.

Las excepciones a esta regla son cuando usted necesite atención médica a largo plazo en una residencia para ancianos, atención de emergencia o de emergencia o diálisis y no puede ir a un proveedor del plan, como cuando usted está lejos de casa. También, por un período específico

de tiempo luego de que se inscriba en Molina Dual Options MyCare Ohio, puede ver sus médicos fuera de la red y otros proveedores de servicios, lo que incluye residencia para ancianos y proveedores de asistencia para las actividades de la vida diaria, enfermeras para atención médica domiciliaria, auxiliares y LTSS o proveedores de "servicios de exención." También puede ir fuera del plan si Molina Dual Options MyCare Ohio le da permiso primero. - Usted puede cambiar de proveedores dentro de la red en cualquier momento. Si ha estado consultando un proveedor de la red, usted no tiene que seguir viendo a ese proveedor. Usted puede cambiar de PCP una vez al mes. Si solicita cambiar su PCP durante los primeros 30 días en el plan, el cambio entrará en vigor inmediatamente. Si su solicitud se realiza en cualquier momento luego de los primeros 30 días, el cambio entrará en vigor el primer día del próximo mes natural. Sin embargo, le recomendamos que primero consulte a su médico para conocer a su PCP antes de cambiar. Puede comunicarse con el Departamento de Servicios para Miembros si desea obtener más información sobre nuestros proveedores.

- Molina Dual Options MyCare Ohio trabaja con todos los proveedores en nuestra red para adaptarse a las necesidades de las personas con discapacidades. Según corresponda, la lista de proveedores dentro de la red en este Directorio incluye la información sobre las adaptaciones que proporcionan los proveedores.

Cuando busque a un proveedor en este directorio, verifique los símbolos al pie de la página los cuales indican la accesibilidad del consultorio del proveedor para las personas con discapacidades. Cuando vea el símbolo B para "Acceso básico", esto significa que el consultorio del proveedor cuenta con:

  - estacionamiento accesible.
  - Fácil acceso a los lugares de estacionamiento. Además, el área de estacionamiento tiene rampas y recortes en bordillos.
