

# Healthchek: Start Healthy, Stay Healthy

## Do you know about Healthchek (EPSDT)?

Healthchek is Ohio's early and periodic screening, diagnostic, and treatment (EPSDT) benefit. Healthchek covers medical exams, immunizations (shots), health education, and laboratory tests for everyone eligible for Medicaid under 21 years old.

These exams are an important way to make sure children are healthy and are developing well, both physically and mentally.

## Healthchek covers all this and more!

Healthchek services are available at no cost to members and include:

- Preventive checkups for newborns, infants, children, teens, and young adults under the age of 21.
- Complete medical exams (with a review of physical and mental health development)
- Vision exams
- Dental exams
- Hearing exams
- Nutrition checks
- Developmental exams
- Lead testing
- Laboratory tests for certain ages
- Immunizations (shots)

Healthchek also covers medically necessary follow-up care to treat physical, mental, or other health problems or issues found during a screening, including:

- Inpatient or outpatient hospital care
- Clinic visits
- Prescription drugs
- Laboratory tests
- Health education

## Use your Healthchek benefit!
