*If you have difficulty in reading or understanding this information, please contact Molina Healthcare Member Services at **1-800-642-4168** (TTY for the hearing impaired: 1-800-750-0750 or 711) for help. This information can be provided orally in English, or in your primary language. Written translations may be available in certain languages and accommodations will be made for the visually impaired.*

Your Medical Home

One of the most important steps in taking care of your health is establishing a **medical home.** When you choose a primary care provider (PCP), you are choosing a medical home. A PCP is the health care provider, such as a family doctor or pediatrician, who will help you with most of your medical needs.

Your PCP will give you care, offer advice, and refer you to a specialist when necessary. It is important that you pick a PCP who meets your needs and whom you are comfortable with.

Picking a PCP is important. When you find a good PCP, you can develop a lasting relationship that will help to ensure a health care partnership for years to come.

Choosing a Primary Care Provider (PCP)

Each member of Molina Healthcare must choose a PCP from Molina Healthcare's provider directory. The PCPs contracted with Molina Healthcare are listed in this directory. Call Molina Healthcare Member Services to let them know which PCP you have selected at 1-800-642-4168 (TTY for the hearing impaired: 1-800-750-0750 or 711). You can also call member services if you need help choosing a PCP. A representative will be happy to assist you.

You can use the Internet to view the Molina Healthcare provider directory online at www.MolinaHealthcare.com. Did you know that you can use the Internet for free at most public libraries? There are even a number of companies that allow you to set up free email accounts. If you need help learning to use the Internet, ask your librarian.

If you do not choose a PCP, Molina Healthcare will choose one for you. When we make this choice for you, we will take your home address, the language you speak and the providers your family members see into consideration. However, it is preferable that you pick your own PCP. You are the person who can best make the decision.

*The information in this directory is current as of June 1, 2017. The information listed in this directory is subject to change. If you have any questions regarding the status of a particular provider, please contact Molina Healthcare Member Services at **1-800-642-4168** or (TTY) at 1-800-750-0750 or 711. For the most current list of providers, please visit our website at **www.MolinaHealthcare.com** and click on "Find a Provider."*

Once you have a PCP, you should schedule a checkup soon, even if you are not sick. During the appointment, you will have a chance to get to know your PCP and to ask a number of questions that will help you develop a good relationship. You can reach your PCP by calling the PCP's office. Your PCP's name and telephone number are printed on your Molina Healthcare ID card.

Check the PCP listed on your ID card to be sure that it is correct. If the PCP on your ID card is not the PCP you are seeing, call us. We will be sure that your provider is participating with Molina Healthcare and will send you an updated ID card. If you would like to see a different PCP than the one listed on your ID card, call Molina Member Services and we will help you select a participating provider.

If you would like to know more about your PCP or other Molina Healthcare providers, call Molina Member Services. We can provide you with information about your provider's professional qualifications, such as medical school attended, residency completed, and board certification status. We can also tell you the languages your provider speaks. You can also request this information by calling your provider.

Changing Your PCP

If for any reason you want to change your PCP, you must first call Molina Healthcare Member Services to ask for the change. You can change your PCP monthly, if needed.

If you wish to change the PCP Molina Healthcare chose for you and you call us within the first month of becoming a member, the change will be effective the day you call. All other PCP changes are effective the first day of the following month. Molina Healthcare will send you a new ID card to let you know that your PCP has been changed and the date you can start seeing the new PCP.

Self-Referral Providers

In addition to your PCP, there are other providers that you may access directly for care.

Community Mental Health Centers

Please contact the community mental health center locations directly, at the telephone numbers listed, for information regarding scheduling appointments and walk-in availability.

Department of Alcohol and Drug Addiction Services

Please contact the Ohio Department of Alcohol and Drug Addiction Service (ODADAS) certified treatment centers directly, at the telephone numbers listed, for information regarding scheduling appointments and walk-in availability.

Federally Qualified Health Centers/Rural Health Clinics

You are entitled to access the services of any federally qualified health center (FQHC) or rural health clinic (RHC) providers. The list of the FQHC and RHC providers in your region is included in this directory. Those providers listed with this symbol (#) are contracted providers with Molina Healthcare. You might also see providers from these facilities listed individually in other parts of this provider directory.

Women's Health Specialists/Family Planning Providers

All female members are allowed to self-refer to certified nurse midwives (CNMs), obstetricians and gynecologists on Molina Healthcare's provider panel. In addition, female members are also allowed to self-refer to women's health specialists on the Molina Healthcare panel for routine and preventative health care services if their PCP is not a women's health specialist. For a list of women's health specialists on Molina Healthcare's panel, please call Molina Member Services at 1-800-642-4168 (TTY for the hearing impaired: 1-800-750-0750 or 711).

You are entitled to self-refer to any of the following family planning providers. In addition, you may self-refer to certain family planning providers in other counties. Please contact Molina Healthcare Member Services at 1-800-642-4168 (TTY for the hearing impaired: 1-800-750-0750 or 711) for more information regarding access to these services.

- Obstetricians and Gynecologists (OB/GYN): An OB/GYN is a provider who sees women only. OB/GYNs specialize in women's health and maternity care.
- Certified Nurse Midwives (CNM): Nurses who have special training to help with pregnancy, labor and delivery.
- Qualified Family Planning Providers(QFPP): QFPPs provide pregnancy testing, other screenings and resources to help you decide when to have a baby. Planned Parenthood is an example. You don't need to get a referral from your PCP for a visit to Family Planning Services.

After-Hours or Non-Emergency Care

If your provider's office is closed or your provider cannot see you right away, there are some steps you can take to stop your injury or illness from getting worse.

1. **Call your PCP for advice.** Even if your provider's office is closed, the office has someone available 24 hours a day, 7 days a week who will let you know what to do.

2. If you cannot reach your provider's office, **call Molina Healthcare's 24-Hour Nurse Advice Line at 1-888-275-8750** or 1-866-648-3537 (Español), (TTY for the hearing impaired: 1-866-735-2929). Nurses are always available to answer your questions.

3. Go to a participating urgent care center listed in the Molina Healthcare provider directory. You do not need permission from a provider to go to an urgent care center. **If you visit an urgent care center, always call your PCP after your visit to schedule follow-up care.**

- Seizures or convulsions
- Unusual or excessive bleeding
- Unconsciousness
- Overdose / Poisoning
