## **Early Intervention Services (EIS) and Child Health Services Targeted Case Management**

As of 12/1/2018, based on region roll-out schedule, Molina Healthcare of Florida (MFL) will begin covering Early Intervention Services (EIS) or Child Health Services Targeted Case Management (TCM) services under the SMMC program for its Medicaid members in accordance with AHCA's Medical policy and guidelines.

#### Authorization:

MFL does not require a Prior Authorization for EIS or TCM services. If a provider identifies or suspects developmental delays or related conditions, providers should refer these members directly to the Early Steps program and also refer the child to Molina's Case Management team. Providers can refer members for Case Management by calling Provider Services at the number below and selecting option 5 for Case Management.

#### Claims Submission and Payment:

Providers should only bill for the codes included in the Medicaid fee schedules. Providers may submit claims for covered EIS or TCM services at any time during the Continuity of Care period. To provide for seamless transition of service delivery, Molina's claims systems are configured to process clean claims for EIS or TCM within the required timeframes (electronic or non-electronic) outlined in Florida Statute, 641.3155

A claim is defined as (1) a bill for services, (2) a line item of service, or (3) all services for one beneficiary within a bill. A clean claim means one that can be processed without obtaining additional information from the provider of the service or from a third party as outlined in 42CFR 447.45(b).

EIS and TCM services are reimbursed according to the applicable Fee Schedule found on AHCA's website at:

[http://ahca.myflorida.com/medicaid/review/fee\\_schedules.shtml](http://ahca.myflorida.com/medicaid/review/fee_schedules.shtml)

Molina has an Early Intervention Services/Targeted Case Management provider training found on MFL's website at:
