

# Provider Bulletin

---

From Molina Healthcare New Mexico, Inc.  
(February 2022)

## **Consolidated Appropriations Act Effective January 1, 2022**

Pursuant to the Consolidated Appropriations Act (CAA), effective January 1, 2022, health insurance carriers are required to verify and update provider directory information not less frequently than once every 90 days. Providers must respond to provider directory data validation requests within 90 days of the date of the request. If a provider's data cannot be verified 180 days after the last verification date, the provider's information will be suppressed from the online provider directory until such time the data can be validated. Molina regularly reviews provider data and refreshes the online provider directory on a daily basis.

We recommend all providers review the Molina online directory and submit changes to Molina Healthcare using the Provider Change Form or the Provider Information Form. Click on the links below for the forms.

[Molina Provider Change Form](#)

[Provider Information Form](#)

Data changes may include but are not limited to:

- Name, address, office location, office hours, email, telephone and fax numbers
- Closure of office location(s)
- Open or close your practice to new patients (PCPs only)
- Provider joining or leaving a practice
- Change in services or specialties offered
- National Provider Identifier (NPI)
- Languages spoken
