Well Child Care and Shots

Many health problems begin during childhood. It is important to identify these problems and begin treatment as soon as possible. Call your child's PCP or Member Services at 1-888-898-7969 for help.

One of the most important steps you can take is to see that your child get the proper shots and is checked for blood lead poisoning. We are concerned about your health and the health of your child. Please see that your child gets the immunization shots and blood lead screening on time. Call your child's PCP for an immunization schedule and information about well child care.

Child and Adolescent Health Centers and Indian Health Centers

As a member of Molina Healthcare, you may choose to get services from a child and adolescent health care program health center or Indian Health Centers without prior authorization or approval. Molina Healthcare will pay for services you get from these programs. You will need to let the center know that your child has Molina Healthcare.
