

## IMPORTANT INFORMATION

Please note the following information in your Molina Healthcare member handbook and provider directory has changed **effective February 1, 2010**.

### MEMBER HANDBOOK

#### Prescription Drugs

Ohio Medicaid now pays for prescription drugs, diabetic supplies, inhaler spacers, peak flow meters, syringes, needles, alcohol wipes, and condoms that managed care plan members get at the pharmacy. Your Molina Healthcare member identification (ID) card lets the pharmacy know that Ohio Medicaid will cover your prescription drugs and supplies listed above. Ohio Medicaid's prior authorization and co-payment requirements apply.

If you are pregnant and after your baby is born, your Medicaid caseworker must add your baby to your Medicaid case before Ohio Medicaid will pay for prescriptions for your baby. Ask your caseworker for instructions about how to report when your baby is born. When your baby is born, report to your caseworker as instructed so your caseworker can add your baby to your case.

If you have questions or problems with your prescription drug coverage or a pharmacy, please contact the Ohio Medicaid Consumer Hotline at 1-800-324-8680 or TTY 1-800-292-3572. The hotline is open Monday – Friday, 7:00 a.m. - 8:00 p.m. and Saturday, 8:00 a.m. - 5:00 p.m. You can also use the website <http://jfs.ohio.gov/ohp/bhpp/meddrug.stm> for lists of prescriptions that are available at no cost to you, have co-payments or require prior authorization.

### PROVIDER DIRECTORY

#### Pharmacy Providers

You can use any pharmacy that accepts Ohio Medicaid to get your prescription drugs, diabetic supplies, inhaler spacers, peak flow meters, syringes, needles, alcohol wipes, and condoms. Most out-of-state pharmacies do not accept Ohio Medicaid. If you plan to travel out-of-state, be sure to fill your prescription before you leave.
