Dear Provider/Practitioner:

Thank you for participating in Molina Healthcare of California Partner Plan Inc.'s (Molina Healthcare) provider/practitioner network, and in partnering with us, to deliver high quality services to our members.

To further assist you, the Molina Healthcare Medi-Cal Provider/Practitioner Manual has been revised and consolidated into one manual that will be utilized by all county service areas. Program information for Access to Infants and Mothers (AIM) has been included into the newly designed manual. The new manual provides information services for the following programs:

	Riverside	Sacramento	San Bernardino	San Diego
Molina Healthcare of California Partner Plan Inc. (Medi-Cal) – Geographic Managed Care (GMC) Program		X		X
Molina Healthcare of California Partner Plan Inc. (Medi-Cal) – Two-Plan Program	X		X	
Access for Infants and Mothers (AIM)				X

Your Provider/Practitioner Manual addresses the contractual and regulatory requirements of the programs noted in the table above.

The manual is divided into sections. Each section details components of care under the GMC, Two-Plan, and AIM contracts. The manual contains samples of forms needed to fulfill your obligations under the Molina Healthcare contract. If you are already using forms that accomplish the same goals, you may not need to modify them. These samples are included to aid you in the understanding of what is needed for appropriate documentation.

We will keep you informed of any updates or revisions to the manual due to changes in Department of Health Care Services requirements. In an effort to continually bring value-added services to you, Molina Healthcare is pleased to offer the Provider/Practitioner Manual in the following multimedia: CD-ROM and the Molina Healthcare website, to suit your individual needs. The Molina Healthcare website address is: www.molinahealthcare.com.

We thank you for your support in the effort to supply culturally diverse and accessible quality healthcare services to our mutual members.

Sincerely,

Richard Sanchez, MD
 Chief Medical Officer
 Molina Healthcare of California
