

October 21, 2005

Dear Participating Provider:

In August 2004, providers were notified that Lovelace Health Plan (LHP) reached an agreement to acquire Cimarron's commercial membership.

The migration of the Cimarron commercial membership to LHP has occurred in phases over the past year and was recently completed. With the member transition complete, all providers are **strongly encouraged** to submit any outstanding Cimarron claims and provider issues **prior to November 30, 2005**. No decision reviews or claims adjudication activities will occur on Cimarron-related claims and services **after December 31, 2005**.

As a reminder, you may contact the Cimarron Customer Service at (505) 341-7491 or toll free at 800-473-0391 to discuss Cimarron claims issues.

Thank you for your cooperation in making this a smooth transition for our members. We very much appreciate the high level of service you provide our members each and everyday.
