Dear Contract Administrator:

As you are probably aware, the New Mexico Human Services Department (HSD) has launched the State Coverage Insurance (SCI) program in an effort to cover a portion of the uninsured working adults in this state. This new Medicaid program began taking eligibility applications as of July 1, 2005. For your benefit and information, we have enclosed a copy of the letter that HSD mailed to providers last week.

Due to the fact that this is a new line of business for us, we are enclosing an SCI Attachment for your contract files. You will recognize most of the language in this attachment due to the fact that it tracks very closely to the language used in the Medicaid Managed Care Program attachment in your existing agreement. Pursuant to the terms of your provider agreement with Molina Healthcare of New Mexico, you have the amount of time specified in your particular contract to review this amendment and offer comment.

Should you have any questions or require additional information, please do not hesitate to call me at 505-348-1533.

Sincerely,

A handwritten signature in black ink, appearing to read "K. Bridwell", is written over a white background.
