

June 1, 2011

Dear Molina Healthcare Practitioner/Physician

Molina Healthcare of New Mexico, Inc. (Molina Healthcare) is pleased to announce that effective July 1, 2011; the first component of our *motherhood matters*<sup>sm</sup> Program has been revised. The program has been revised to not only make your administrative duties easier to participate, but to also provide reimbursement for other components of complete obstetrical care.

To participate and receive these reimbursements for Prenatal Notification, prenatal care and postpartum care, simply submit the following CPT and ICD-9 codes for these services:

- Prenatal Notification: Receive \$100 for initial diagnosis of pregnancy:
  - CPT code 59899 in conjunction with ICD-9 V72.42.
- Prenatal Care: Receive \$30 for each visit, up to thirteen (13) visits:
  - CPT II code 0500F-Initial prenatal care visit; and
  - CPT II code 0502F-Subsequent prenatal visits.
- Postpartum Care: Receive \$30 for visit:
  - CPT II code 0503F.

The *motherhood matters*<sup>sm</sup> Program includes:

- Confidential pregnancy screening and assessments that facilitate the development of an individualized patient-centric care plan;
- Educational materials to meet your patients' individual needs; and
- Integrated case management for at-risk pregnancies provided by skilled OB nurses.

Please contact your Provider Services Representative toll free at (800) 377-9594 with any questions you may have regarding this enhancement.

Sincerely,

Molina Healthcare of New Mexico, Inc.
