MOLINA HEALTHCARE FORMULARY UPDATE:

DIABETIC METERS AND TEST STRIPS

Dear Practitioner/Provider;

As of **February 1, 2010**, Molina Healthcare of New Mexico, Inc. (Molina Healthcare) implemented a new formulary, which impacts diabetes supplies. For diabetic patients, the following Home Diagnostics (HDI) products are now the preferred meters and strips:

- TRUEtest® Test Strips (50 ct.) 56151-1030-50
- TRUEtest® Test Strips (100 ct.) 56151-1030-01
- TRUEresult® Starter Kit 56151-1240-01
- TRUEtrack® Test Strips (50ct.) 56151-0850-50
- TRUEtrack® Test Strips (100ct.) 56151-0810-01
- TRUEtrack® Starter Kit 56151-0888-80

TRUEtest® and TRUEtrack® meters are at **NO COST** to our Members. **Any other meters and strips now require prior authorization.** As of April 30, 2010, claims for other meters or test strips will reject for ALL Molina Healthcare Members. *Lancets and lancing devices are still covered no matter the brand.* We understand in special circumstances, there may be a medically necessary reason for your patient to continue using his/her meter. In these instances, we will review Prior Authorization requests from your office to continue use of their current testing system.

For more product details on the TRUEtest® System visit www.homediagnostics.com.

Molina Healthcare's diabetes Members will be able to go to any network pharmacy to get their HDI meters and strips. Please note that these HDI meters may also be available at pharmacies as the **store brand meter**.

Any product questions regarding TRUEtest® or TRUEtrack® system can be directed to the **Home Diagnostics Help Line** at **(800) 803-6025**. Assistance is available 24 hours a day, seven days a week, in both English and Spanish.

A TRUEresult® and TRUEtrack® demonstration meter, as well as literature and training materials in English and Spanish are available at **no cost** for your office. TRUEmanager™ software for the TRUEresult® meter is also available at no cost to practitioners/providers. Please contact **Kellie Gragg, RD, LD, Clinical Sales Specialist for HDI**, toll free at **(800) 342-7226, extension 4067**, for more details.

For **Molina Healthcare** questions please call Member Services toll free at **(800) 580-2811**. We are available to assist you Monday through Friday, from 8:00 a.m. through 5:00 p.m.

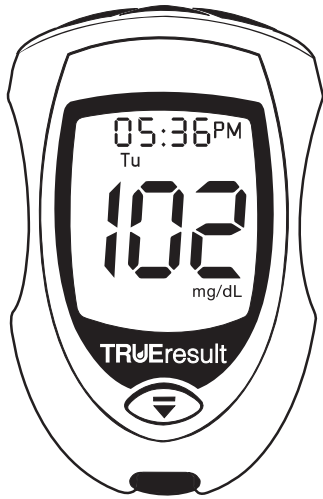

Sincerely,

Molina Healthcare of New Mexico, Inc.

The TRUEresult® and TRUEtrack® Systems

TRUE Solutions

FOR HIGH PERFORMANCE DIABETES CARE.

TRUEresult®

Blood Glucose Monitoring System
