

Molina Healthcare of Ohio, Inc. Launches *Rewards for Healthy Choices* Program

To encourage our members to stay healthy during the holidays, Molina Healthcare of Ohio, Inc. (MHO) has recently implemented the Rewards for Healthy Choices program. The goal of the program is to enhance our members' health by educating them about the importance of preventive health visits with their health care provider.

How does the program work?

A Rewards for Healthy Choices coupon booklet will be mailed to each household. If a member has missed an important service, they will need to schedule a visit with their provider and bring the applicable coupon with them to their visit, entitling them to a gift card reward.

How does this affect you as a provider?

MHO appreciates your continued support in keeping our members healthy. We ask that you please fill out, sign, date and fax the coupon back to MHO at the fax number on the coupon for validation. A signature from you or your office staff is very important so we can verify the member's visit and reward them for making healthy choices.

Members are encouraged to receive the following visits:

- Well Child Checkups – Annual visit for children ages 0-11 years
- Well Care Checkups for Teens – Annual visit for adolescents ages 12-21
- Adult Well Care Checkups – Annual visit for adults ages 22-65+
- Women's Health
 - Breast Cancer Screening – as recommended by their provider
 - Pap Test – as recommended by their provider
 - Chlamydia Screening – as recommended by their provider
- Comprehensive Diabetes Care – for members with a diagnosis of diabetes
 - HbA1c
 - LDL-C screening
 - Urinalysis
 - Annual Dilated Retinal Eye Exam
- Refill of Asthma Medications – for members with a diagnosis of asthma. Please note that the coupon must be signed by a pharmacist at the time the medication is dispensed.

MHO understands that the holidays can be a very busy time for you and your office staff. With the flu and cold season in full effect, availability for preventive visits may be hard to schedule. We understand and encourage you to continue to provide care for our members in need, as well as our members who choose to make healthy choices.
