What is the Children's Health Insurance Program (CHIP)?

CHIP is a health insurance. It is for families who make too much money to get Medicaid. These families don't have funds to buy private health insurance.

What is the CHIP Perinate Program?

The CHIP Perinate Program gives prenatal care. This care is for the unborn children. It is for low-income women. These women can't get Medicaid. When the child is born, he/she will get CHIP benefits. These benefits will last for the 12-month coverage period.

What is a Primary Care Provider?

A Primary Care Provider is your main doctor. It can also be nurse, or clinic. This doctor knows you well. Your main doctor will treat most of your healthcare needs. If he cannot, you will be referred to a provider who can. PCP requirements do not apply to CHIP Perinate members.
