Choosing a PCP

One of the most important steps in taking care of your health is a Medical Home. Medical Homes help you know when you need to get all care. This is for **all** care, including mental health and long term care. In a medical home you are part of all health care decisions. It also helps all of your doctors know what care you are getting and when you get it. When you choose a PCP, you are choosing a medical home. Your PCP is the provider who will help you coordinate your health care needs. Your PCP will:

- Give you care;
- Make you part of care decisions;
- Offer advice;
- Help coordinate care; and
- Refer you to a specialist.

All Members must have a PCP. PCPs are listed in this provider directory. You can also view the provider directory online at www.MolinaHealthcare.com. You can choose a PCP from the following:

- General/Family doctor: a doctor for people of all ages;
- Pediatrics: a doctor for babies, children and teenagers;
- Internal Medicine: a doctor for adults;
- OB/GYN: a doctor who treats women for pregnancy and female care; or
- In some cases, a specialist can be your PCP.

Eligiendo un PCP

Uno de los pasos más importante para cuidar de su salud es establecer un hogar médico. Un hogar médico le ayuda a determinar cuándo necesita recibir toda su atención. Esto incluye toda la atención médica, incluyendo la salud mental y atención a largo plazo. En un hogar médico usted toma parte en todas las decisiones médicas. También le ayuda a todos sus médicos saber cuál atención está recibiendo y cuándo la está recibiendo. Cuando elige un Proveedor de Cuidados Primarios (PCP), usted está eligiendo su hogar médico. Su PCP es el proveedor que le ayudará a coordinar sus necesidades médicas. Su PCP se encargará de:

- Proporcionarle atención médica;
- Incluirle en las decisiones sobre su atención médica;
- Ofrecer consejos;
- Ayudar a coordinar la atención; y
- Recomendarle a un especialista.

Todos los miembros deben tener un PCP. Los PCP's están enumerados en este directorio de proveedores.

También, puede ver el directorio de proveedores por Internet en www.MolinaHealthcare.com. Usted puede elegir a un PCP de las siguientes especialidades:

- Médico general/familiar: un médico para personas de todas las edades;
- Pediatra: un médico para bebés, niños y adolescentes;
- Medicina interna: un médico para adultos;
- OB/GYN: un médico que ofrece atención para el embarazo y cuidado femenino; o
- En algunos casos, un especialista puede ser su PCP.
