Frequently Asked Questions (FAQ)

Find answers here to questions you have about this List of Covered Drugs. You can read all of the FAQ to learn more, or look for a question and answer.

1. What prescription drugs are on the List of Covered Drugs? (We call the List of Covered Drugs the "Drug List" for short.)

The drugs on the List of Covered Drugs that starts on page 1 are the drugs covered by Molina Dual Options MyCare Ohio. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as "network pharmacies."

→ Molina Dual Options MyCare Ohio will cover all medically necessary drugs on the Drug List if:

- your doctor or other prescriber says you need them to get better or stay healthy, ***and***
- you fill the prescription at a Molina Dual Options MyCare Ohio network pharmacy.

→ Molina Dual Options MyCare Ohio may have additional steps to access certain drugs (see question #5 below).

You can also see an up-to-date list of drugs that we cover on our website at www.MolinaHealthcare.com/Duals or call Member Services at (855) 665-4623, TTY/TDD: 711, Monday – Friday, 8 a.m. to 8 p.m., local time.

2. Does the Drug List ever change?

Yes. Molina Dual Options MyCare Ohio may add or remove drugs on the Drug List during the year. Generally, the Drug List will only change if:

- a cheaper drug comes along that works as well as a drug on the Drug List now, ***or***
- we learn that a drug is not safe.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval for a drug. (*Prior approval* is permission from Molina Dual Options MyCare Ohio before you can get a drug.)
- Add or change the amount of a drug you can get (called "quantity limits").
- Add or change step therapy restrictions on a drug. (*Step therapy* means you must try one drug before we will cover another drug.)

(For more information on these drug rules, see page x.)

We will tell you when a drug you are taking is removed from the Drug List. We will also tell you when we change our rules for covering a drug. Questions 3, 4, and 7 below have more information on what happens when the Drug List changes.

→ You can always check Molina Dual Options MyCare Ohio's up to date Drug List online at www.MolinaHealthcare.com/Duals.
You can also call Member Services to check the current Drug List at (855) 665-4623, TTY/TDD: 711, Monday – Friday, 8 a.m. to 8 p.m., local time.

3. What happens when a cheaper drug comes along that works as well as a drug on the Drug List now?

If you are taking a drug that is removed because a cheaper drug that works just as well comes along, we will tell you. We will tell you at least 60 days before we remove it from the Drug List ***or*** when you ask for a refill. Then you can get a 60-day supply of the drug before the change to the Drug List is made. You will receive this notification by mail at least 60 days before this change occurs.

4. What happens when we find out a drug is not safe?

If the Food and Drug Administration (FDA) says a drug you are taking is not safe, we will take it off the Drug List right away. We will also send you a letter telling you that. Please speak with your physician to find an alternative that is safe for you.

5. Are there any restrictions or limits on drug coverage? Or are there any required actions to take in order to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior approval (or prior authorization):** For some drugs, you or your doctor or other prescriber must get approval from Molina Dual Options MyCare Ohio before you fill your prescription. If you don't get approval, Molina Dual Options MyCare Ohio may not cover the drug.

- **Quantity limits:** Sometimes Molina Dual Options MyCare Ohio limits the amount of a drug you can get.
- **Step therapy:** Sometimes Molina Dual Options MyCare Ohio requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables on pages 1-164. You can also get more information by visiting our web site at www.MolinaHealthcare.com/Duals. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an "exception" from these limits. Please see question 11 for more information on exceptions.

→ If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List, or if you cannot easily get the drug you need, we can help. We will cover a 31-day emergency supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Molina Dual Options MyCare Ohio member. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please see question 11 for more information about exceptions.

6. How will you know if the drug you want has limitations or if there are required actions to take to get the drug?

The List of Covered Drugs on page 1 has a column labeled "Necessary actions, restrictions, or limits on use."

7. What happens if we change our rules on how we cover some drugs? For example, if we add prior authorization (approval), quantity limits, and/or step therapy restrictions on a drug.

We will tell you if we add prior approval, quantity limits, and/or step therapy restrictions on a drug. We will tell you at least 60 days before the restriction is added or when you next ask for a refill. Then, you can get a 60-day supply of the drug before the change to the Drug List is made. This gives you time to talk to your doctor or other prescriber about what to do next.

8. How can you find a drug on the Drug List?

There are two ways to find a drug:

- You can search alphabetically (if you know how to spell the drug), ***or***
- You can search by medical condition.

To search **alphabetically**, go to the Alphabetical Listing section. You can find it in the Index. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

To search **by medical condition**, find the section labeled "List of drugs by medical condition" on page 1. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Beta-blockers. That is where you will find drugs that treat heart conditions.

9. What if the drug you want to take is not on the Drug List?

If you don't see your drug on the Drug List, call Member Services at (855) 665-4623, TTY/TDD: 711, Monday – Friday, 8 a.m. to 8 p.m., local time and ask about it. If you learn that Molina Dual Options MyCare Ohio will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. He or she can prescribe a drug on the Drug List that is like the one you want to take. ***Or***
- You can ask the health plan to make an exception to cover your drug. Please see question 11 for more information about exceptions.

10. What if you are a new Molina Dual Options My Care Ohio member and can't find your drug on the Drug List or have a problem getting your drug?

We can help. We may cover a temporary 60-day supply of your drug during the first 90 days you are a member of Molina Dual Options MyCare Ohio. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

We will cover a 60-day supply of your drug if:

- you are taking a drug that is not on our Drug List, ***or***
- health plan rules do not let you get the amount ordered by your prescriber, ***or***
- the drug requires prior approval by Molina Dual Options MyCare Ohio, ***or***
- you are taking a drug that is part of a step therapy restriction.

If you live in a nursing home or other long-term care facility, you may refill your prescription for as long as 98 days. You may refill the drug multiple times during your first 90 days in the plan. This gives your prescriber time to change your drugs to ones on the Drug List or ask for an exception.

Transition Policy

New members in our Plan may be taking drugs that aren't on our formulary or that are subject to certain restrictions, such as prior authorization or step therapy. Current members may also be affected by changes in our formulary from one year to the next. Members should talk to their doctors to decide if they should switch to a different drug that we cover or request a formulary exception in order to get coverage for the drug. See the Member Handbook to learn more about how to request an exception. Please contact Member Services if your drug is not on our formulary, is subject to certain restrictions, such as prior authorization or step therapy, or will no longer be on our formulary next year and you need help switching to a different drug that we cover or requesting a formulary exception.

During the period of time members are talking to their doctors to determine the right course of action, we may provide a temporary supply of the non-formulary drug if those members need a refill for the drug during the first 90 days of new membership in our Plan for Part D drugs (tiers 1 and 2) and 90 days for your Medicaid drugs (tier 3). If you are a current member affected by a formulary change from one year to the next, we will provide a temporary supply of the non-formulary drug if you need a refill for the drug during the first 90 days of the new plan year.

When a member goes to a network pharmacy and we provide a temporary supply of a drug that isn't on our formulary, or that has coverage restrictions or limits (but is otherwise considered a "Part D drug"), we will cover a 60-day supply (unless the prescription is written for fewer days). After we cover the temporary 60-day supply, we generally will not pay for these drugs as part of our transition policy again.

We will provide you with a written notice after we cover your temporary supply. This notice will explain the steps you can take to request an exception and how to work with your doctor to decide if you should switch to an appropriate drug that we cover.

If a new member is a resident of a long-term-care facility (like a nursing home), we will cover a temporary 31-day transition supply (unless the prescription is written for fewer days). If necessary, we will cover more than one refill of these drugs during the first 90 days a new member is enrolled in our Plan. If the resident has been enrolled in our Plan for more than 90 days and needs a drug that isn't on our formulary or is subject to other restrictions, such as step therapy or dosage limits, we will cover a temporary 31-day emergency supply of that drug (unless the prescription is for fewer days) while the new member pursues a formulary exception. Exceptions are available in situations where you experience a change in the level of care you are receiving that also requires you to transition from one facility or treatment center to another. In such circumstances, you would be eligible for a temporary, one-time fill exception even if you are outside of the first 90 days as a member of the plan.

11. Can you ask for an exception to cover your drug?

Yes. You can ask Molina Dual Options MyCare Ohio to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, Molina Dual Options MyCare Ohio may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior approval requirements.

12. How long does it take to get an exception?

First, we must get a statement from your prescriber supporting your request for an exception. After we get the statement, we will give you a decision on your exception request within 72 hours.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

13. How can you ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception.

14. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

Molina Dual Options MyCare Ohio covers both brand name drugs and generic drugs.

15. What are OTC drugs?

OTC stands for "over-the-counter". Molina Dual Options MyCare Ohio covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Molina Dual Options MyCare Ohio Drug List to see what OTC drugs are covered.

16. Does Molina Dual Options MyCare Ohio cover OTC non-drug products?

Molina Dual Options MyCare Ohio covers some OTC non-drug products when they are written as prescriptions by your provider.

You can read the Molina Dual Options MyCare Ohio Drug List to see what OTC non-drug products are covered.

17. What is your copay?

As a Molina Dual Options MyCare Ohio member, you have no copays for prescription and OTC drugs as long as you follow Molina Dual Options MyCare Ohio's rules.

18. What are drug tiers?

Tiers are groups of drugs on our Drug List.

- Tier 1 drugs are generic drugs. For Tier 1 drugs, you pay nothing.
- Tier 2 drugs are brand name drugs. For Tier 2 drugs, you pay nothing.
- Tier 3 drugs are Non-Medicare Rx/OTC drugs. For Tier 3 drugs, you pay nothing.

List of Covered Drugs by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Beta-blockers. That is where you will find drugs that treat heart conditions.

The list of covered drugs below gives you information about the drugs covered by Molina Dual Options MyCare Ohio. If you have trouble finding your drug in the list, turn to the Index that begins on page 165.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., BYSTOLIC) and generic drugs are listed in lower-case italics (e.g., *metoprolol*).

The information in the necessary actions, restrictions, or limits on use column tells you if Molina Dual Options MyCare Ohio has any rules for covering your drug.

Note: The (*) next to a drug means the drug is not a "Part D drug." The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are getting Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs. These drugs also have different rules for appeals. An *appeal* is a formal way of asking us to review a coverage decision and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Medicaid. If you or your doctor disagrees with our decision, you can appeal. To ask for instructions on how to appeal, call Member Services at (855) 665-4623, TTY/TDD: 711, Monday – Friday, 8 a.m. to 8 p.m., local time. You can also read the Member Handbook to learn how to appeal a decision.

The information in the Requirements/Limits column tells you if Molina Dual Options MyCare Ohio has any special requirements for coverage of your drug.

PA stands for Prior Authorization (see page 3 for more information about PA).
QL stands for Quantity Limits (see page 4 for more information on OTC).
ST stands for Step Therapy Criteria (see page 4 for more information about ST).
OTC stands for Over the Counter (see page 8 for more information about OTC).
B/D means certain drugs may be covered under Medicare Part D or Medicare Part B, depending on the circumstances. Molina Dual Options MyCare Ohio requires additional medical information on drugs that require B/D to determine if it should be covered under Medicare Part B or Medicare Part D.
LA stands for Limited Access Drug. This means certain drugs that are typically used to treat rare diseases are only carried by certain pharmacies that specialize in the treatment of these rare diseases and are not available at most retail pharmacies.
NM stands for not available through mail-order. This means certain drugs are not available through mail order pharmacy and must be obtained at a local pharmacy.
