## About Medicare

Medicare is health insurance for people who are 65 years old or older, or who are under 65 years old with certain disabilities.

Original Medicare is a Federal Insurance Program. It pays a fee for your care directly to the doctors and hospitals you visit. Original Medicare does not cover most preventive care and has unpredictable out-of-pocket expenses.

**Medicare Part A (Hospital Insurance)** covers inpatient care in hospitals, skilled nursing facilities, hospice care, and some home health care services.

**Medicare Part B (Medical Insurance)** covers certain doctors' services, outpatient care, medical supplies and preventive services.

**Medicare Part C (Medicare Advantage)** is an all-in-one alternative to Original Medicare. Medicare Advantage plans include Parts A, B and usually Part D. Some Medicare Advantage plans may have lower out-of-pocket costs than Original Medicare and may cover extra benefits that Original Medicare doesn't – like dental, vision or hearing. Medicare pays a fixed fee to the plan for your care, and then the plan directly pays the doctors and hospitals. Medicare Advantage has predictable out-of-pocket expenses and offers preventive care and care coordination.

**Medicare Part D (Prescription Drug Coverage)** helps you pay for drugs you get from a pharmacy.

## Medicaid Dual Eligibility Coverage Categories

- **Qualified Medicare Beneficiary Plus (QMB+):** Medicaid pays your Medicare Part A and Part B premiums, deductibles, coinsurance, and copayment amounts. You receive Medicaid coverage of Medicare cost share and are eligible for full Medicaid benefits.
- **Specified Low-Income Medicare Beneficiary Plus (SLMB+):** Medicaid pays your Medicare Part B premium and provides full Medicaid benefits.
- **Full-Benefit Dual Eligible (FBDE):** At times, individuals may qualify for both limited coverage of Medicare cost sharing as well as full Medicaid benefits.

As a full benefit, dual eligible beneficiary, your cost share is \$0, except for Part D prescription drug copays. Depending on your level of Medicaid eligibility, you may not pay Part D prescription drug copays.

### **Eligibility Changes:**

It is important to read and respond to all mail that comes from Social Security and your state Medicaid office to maintain your Medicaid eligibility status.

Periodically, as required by CMS, we will check the status of your Medicaid eligibility as well as your dual eligible category. If your eligibility status changes, your cost share may also change from \$0 to 20%\* or from 20%\* to \$0. If you lose Medicaid coverage entirely, you will be given a grace period so that you can reapply for Medicaid and become reinstated if you still qualify.

If you no longer qualify for Medicaid you may be involuntarily disenrolled from the Plan. Your state Medicaid agency will send you notification of your loss of Medicaid or change in Medicaid category. We may also contact you to remind you to reapply for Medicaid. For this reason it is important to let us know whenever your mailing address and/or phone number changes.

If you are currently entitled to receive full or partial Medicaid benefits please see your Medicaid member handbook or other state Medicaid documents for full details on your Medicaid benefits, limitations, restrictions, and exclusions.

In your state, the Medicaid program can be reached through the office of the South Carolina Department of Health and Human Services.

\*Annual deductible for Part B services, and 20% coinsurance (as applicable), in addition to varying cost share amounts for Part A services apply when Member's cost share amount is not \$0.

You stay in this stage until your year-to-date "out-of-pocket costs" (your payments) reach a total of \$8,000. This amount and rules for counting costs toward this amount have been set by Medicare.

#### **Stage 4: Catastrophic Coverage**
