Molina Healthcare's Quality Improvement Plan and Program

Your health care is important to us. We want to hear how we are doing. That's why you may receive a survey about Molina Healthcare and your health care services. One of these surveys is called CAHPS®. CAHPS® stands for the Consumer Assessment of Healthcare Providers and Systems. This survey asks questions about your health care. It asks about the care you receive from Molina Healthcare. We may send you a few questions about how we are doing. We want to know what is important to you. Please take the time to complete the survey if you receive it.

We use another tool called HEDIS® to improve care. HEDIS® stands for Healthcare Effectiveness Data and Information Set. We collect information on services you may have received. These services include:

- Shots
- Well-check exams
- Pap tests
- Mammogram screenings
- Diabetes care
- Prenatal care
- Postpartum care

This process helps us learn how many of our members actually got needed services.

Molina makes this information available to you.

You may use it to compare one health plan to another health plan.

We strive to improve our services each year. We set goals to improve services. Our Quality Improvement (QI) plan includes these goals. We want to help you take better care of yourself and your family.

We want to make sure you get the best service possible. Some of the ways we do this include:

- Mail or call you to make sure you and your child get needed well exams and shots.
- Help you learn about ongoing health problems, if you have them.
- Make sure you get prenatal care and after-delivery exams, if you are pregnant.
- Remind you to get Pap tests and Mammogram screenings, if you need them.
- Look at member grievances (complaints) when you send them in.
- Help you find and use the information on the Molina Healthcare website.
- Tell you about the special services we offer to all of our members.

We review all of the services and care that you receive each year to see how well we are doing. Read the latest results of our progress [here](#).

To learn more, call your Molina Healthcare Member Services team. You can ask for a printed copy of our QI plan and results.

Protecting Your Privacy

Your privacy is important to us. We respect and protect your privacy. Molina Healthcare uses and shares data to provide you with health benefits.

Protected Health Information (PHI)

PHI stands for “protected health information.” PHI includes your name, member number, race, ethnicity, language needs, or other things that identify you. Molina Healthcare wants you to know how we use or share your PHI.

Why does Molina Healthcare use or share your PHI?

- To provide for your treatment.
- To pay for your health care.
- To review the quality of the care you get.
- To tell you about your choices for care.
- To run our health plan.
- To use or share PHI for other purposes, as required or permitted by law.

When does Molina Healthcare need your written authorization (approval) to use or share your PHI?

Molina Healthcare needs your written approval to use or share your PHI for reasons not listed above.

What are your privacy rights?

- To look at your PHI.
- To get a copy of your PHI.
- To amend your PHI.
- To ask us not to use or share your PHI in certain ways.
- To get a list of certain people or places we have given your PHI.

How does Molina Healthcare protect your PHI?

Your PHI can be in written word, spoken word, or on a computer. Molina Healthcare uses many ways to protect PHI across our health plan. Below are some ways Molina Healthcare protects your PHI:

- Molina Healthcare uses policies and rules to protect PHI.
- Only Molina Healthcare staff with a need to know PHI may use PHI.
- Molina Healthcare trains staff to protect and secure PHI, including written and verbal communications.
- Molina Healthcare staff must agree in writing to follow the rules and policies that protect and secure PHI.
- Molina Healthcare secures PHI on our computers. PHI on our computers is kept private by using firewalls and passwords.

- Provide you with a notice in the event of any breach of your unsecured PHI.
- Not use or disclose your genetic information for underwriting purposes.
- Not use your race, ethnicity or language data for underwriting or denial of coverage and benefits.
- Follow the terms of this Notice.

What can you do if you feel your privacy rights have not been protected?

- Call or write Molina Healthcare and file a complaint.
- File a complaint with the U.S. Department of Health and Human Services.

The above is only a summary. Our Notice of Privacy Practices gives more information about how we use and share our members' PHI. You may find our full Notice of Privacy Practices on our website [here](#). You also may ask for a copy of our Notice of Privacy Practices by calling our Member Services Department.

Patient Safety Program

Molina Healthcare wants you and your family to be safe and healthy. We have a Patient Safety Program to help us meet this goal. This program gives you safety facts so you can make better health care choices. Here are a few of the things we do to improve your safety:

- Keep track of our members' complaints about safety problems in their doctor's office or hospital.
- Give you information to learn more about how to make safe decisions about your care. These include:
 - Questions to ask your surgeon prior to surgery
 - Questions to ask about drug interactions
- Make programs available to help you manage your care and receive care in a timely manner.

- Look at reports from groups that check hospital safety. Reports tell us about things like staffing levels in the Intensive Care Unit (ICU), including use of computer drug orders.

Groups that check safety:

- Leap Frog Quality Index Ratings (www.leapfroggroup.org)
- The Joint Commission National Patient Safety Goal Ratings (www.qualitycheck.org/consumer/searchQCR.aspx)

Information on the above websites can help you:

- See what hospitals are doing to be safer.
- Help you know what to look for when you pick a doctor or a hospital.
- Get information about programs and services for patients with problems like diabetes and asthma.

How We Work with our Doctors to Make Choices about Your Health Care

Molina Healthcare wants you to get the care you need. Sometimes your doctor may need to ask us to approve the service before you receive the service (prior authorization), while you are receiving services (concurrent) or after you have got the service (post-service). We will work with your doctor to decide if you need the services. We call this process Utilization Management (UM). We make choices about your care based on medical need and your benefits. We do not reward doctors or others to deny coverage for services you need. We do not pay extra money to doctors or our UM staff to make choices that result in giving less care.

If you have a question about our UM process or decisions, you can call us. Call Member Services toll-free at 1 (888) 999-2404 (TTY/TDD: 711). Staff can also accept collect calls. If you need help in your language, a bilingual staff member or interpreter is available. We also offer TTY/TDD services for members who have hearing or speech disabilities.

Our UM staff can answer your call Monday through Friday (except holidays) between 8 a.m. and 5 p.m. If you call after 5 p.m. or over the weekend, please leave a message and your phone number. The UM/Member Services staff will return your call within one business day.

Looking at What's New

We look at new types of services, and we look at new ways to provide those services. We review new studies to see if new services are proven to be safe for possible added benefits. Molina Healthcare reviews the type of services listed below at least once a year:

- Medical services
- Mental health services
- Medicines
- Equipment

Go [here](#) to: view your Member Handbook for a complete list of Member Rights and Responsibilities.

Second Opinions

If you do not agree with your doctor's plan of care for you, you have the right to a second opinion. This service is at no cost to you. To learn how to get a second opinion, call Member Services at 1 (888) 999-2404 (TTY/TDD: 711).

Out-of-Network Services

If a Molina Healthcare doctor or specialist is unable to provide you with necessary and covered services, Molina Healthcare must cover the needed services through an out-of-network doctor or specialist. The cost to you should be no greater than it would be if the doctor were in the Molina Healthcare's network. This must be done in a timely manner for as long as Molina's provider network is unable to provide the service.

Complaints, Grievances and Appeals

We would like to know if you have a complaint or grievance about your care at Molina. Call Member Services at 1 (888) 999-2404, if you have a complaint or grievance.

A grievance can be for things like:

- The care a member gets from his or her doctor or hospital.
- The time it takes to get an appointment or be seen by a doctor.
- Doctor availability in your area.
- A denied prior approval request, or a reduced or denied service.

If you want the State to review your complaint or grievance, call the Managed Care Ombuds at 1 (800) 760-0001. Or you may write to them at:

BadgerCare Plus and Medicaid SSI Managed Care Ombuds
P.O. Box 6470
Madison, WI 53716-0470

If your complaint or grievance needs action right away because a delay in treatment would greatly increase the risk to your health, call Molina's Member Services as soon as possible at 1 (888) 999-2404 (TTY/TDD: 711).

We cannot treat you differently than other members because you file a complaint or grievance. Your health care benefits will not be affected.

You also have the right to appeal to the State of Wisconsin Division of Hearings and Appeals (DHA) for a fair hearing if you believe your benefits are wrongly denied, limited, reduced, delayed or stopped by Molina. An appeal must be made no later than 45 days after the date of the action being appealed. If you appeal this action to DHA before the effective date, the service may continue. You may need to pay for the cost of services if the hearing decision is not in your favor. If you want a fair hearing, send a written request to:

Department of Administration Division of Hearings and Appeals
P.O. Box 7875
Madison, WI 53707-7875

Your Right to Appeal Denials

What is a denial?

A denial means that services or bills will not be paid. If we deny your service or claim, you will receive a letter explaining why your services or bills were denied. You have a right to appeal.

This letter will tell you about your right to appeal. You can read about these rights in your Member Handbook. You can learn how to file an appeal [here](#). Member Services can also help you file an appeal.

If you are not happy with the result of your appeal, you can ask for an independent review. This means doctors outside Molina Healthcare review all the facts in your case and make a decision. We will accept that finding.

Would you like to ask for a review of an appeal? For help to get this set up for you, call Member Services at 1 (888) 999-2404 (TTY/TDD: 711).

Your Right to an Advance Directive

All members have the right to accept or refuse treatment offered by a doctor. However, what if you are not able to tell the doctor what you want? To avoid decisions that may be made against your will, it is important to have an Advance Directive.

An Advance Directive is a legal form that tells medical doctors what kind of care you want if you cannot speak for yourself. You can write an Advance Directive before you have an emergency. This keeps other people from making important health decisions for you if you are not well enough to make your own. There are different types of Advance Directive forms. Some examples are:

- Power of Attorney for Health Care
- Living Will

It is your choice to complete an Advance Directive. No one can deny you care based on whether or not you have an Advance Directive. Talk with someone you trust, like a family member or friend. They can help you make decisions about your health care. You can also talk with your lawyer or doctor if you have questions, or would like to complete an Advance Directive form.

You may call Molina Healthcare to get information on how to obtain Advance Directive forms that comply with applicable state laws.

If you have signed an Advance Directive and you believe the doctor has not followed your instructions, you may file a

complaint. Go [here](#) for more information on how to file a complaint, call Member Services at 1 (888) 999-2404 (TTY/TDD: 711).
