

Molina Healthcare regularly reviews and updates the Preferred Drug List (PDL). Items may be added, removed or changed. Below is the list of updates made to the PDL this quarter.

Some items require a prior authorization (PA). View the [PA List](#) to see which drugs require PA.

For a complete list of benefits, visit the Molina Healthcare website at www.MolinaHealthcare.com/OhioProviders under the “Rx Info” tab or call Provider Services at (855) 322-4079.

Brand	Generic	Dosage Form	Strength	Update
Seconal	Secobarbital	Capsule	100mg	Removed from PDL, Added to PA List
Alomide	Lodoxamide	Eye drops	0.10%	Removed from PDL, Added to PA List
Pataday	Olopatadine	Eye drops	0.20%	Removed from PDL, Added to PA List
Lotemax	Loteprednol	Eye drops	0.2%, 0.5%	Removed from PDL, Added to PA List
Retin-A	Tretinoin	Cream	0.025%; 0.05%; 0.1%	PDL updated, ST added
Retin-A	Tretinoin	Gel	0.01%; 0.025%	PDL updated, ST added
Ulesfia	Benzyl Alcohol	Topical lotion	5%	Removed from PDL, Added to PA List
Cleocin-T	Clindamycin Phosphate	Topical lotion	1%	PDL updated, ST added
Cleocin-T	Clindamycin Phosphate	Gel	1%	PDL updated, ST added
Erygel	Erythromycin	Gel	2%	PDL updated, ST added
Kogenate FS	Antihemophilic Factor VIII	Powder for injection	250 unit; 500 unit; 1000 unit; 2000 unit; 3000 unit;	Added to PA List, Requires Clinical Review
Koate-DVI	Antihemophilic Factor VIII	Powder for injection	500 unit	Added to PA List, Requires Clinical Review
Rixubis	Factor IX concentrates	Powder for injection	250 unit; 500 unit; 1000 unit; 2000 unit; 3000 unit;	Added to PA List, Requires Clinical Review

Key: PDL = Preferred Drug List; PA = Prior Authorization; AL=Age Limit; QL=Quantity Limit; ST=Step Therapy;
 HRM = High risk medication for member age 65 years and older; OTC = Over-the-counter; SP = Specialty drug must be
 obtained through Caremark Specialty Pharmacy

Brand	Generic	Dosage Form	Strength	Update
Alphanate	Antihemophilic Factor VIII	Powder for injection	250 unit; 500 unit; 1000 unit; 1500 unit	Added to PA List, Requires Clinical Review
Alphanine SD	Factor IX concentrates	Powder for injection	250 unit; 500 unit; 1000 unit; 1500 unit	Added to PA List, Requires Clinical Review
Tretten	Recombinant Factor XIII A-Subunit	Powder for injection	2500 unit	Added to PA List, Requires Clinical Review
Alprolix	Recombinant Factor IX Fc Fusion protein	Powder for injection	250 unit; 500 unit; 1000 unit; 2000 unit; 3000 unit; 4000 unit	Added to PA List, Requires Clinical Review
Eloctate	Recombinant Antihemophilic Factor, Fc Fusion protein	Powder for injection	250 unit; 500 unit; 750 unit; 1000 unit; 1500 unit; 2000 unit; 3000 unit; 4000 unit; 5000 unit; 6000 unit	Added to PA List, Requires Clinical Review
Obizur	Recombinant Antihemophilic Factor, Porcine Sequence	Powder for injection	500 unit	Added to PA List, Requires Clinical Review
Kovaltry	Antihemophilic Factor VIII	Powder for injection	3000 unit	Added to PA List, Requires Clinical Review
Vonvendi	Recombinant von Willebrand factor	Powder for injection	650 unit; 1300 unit	Added to PA List, Requires Clinical Review
Wilate	Antihemophilic Factor VIII	Powder for injection	500 unit; 1000 unit	Added to PA List, Requires Clinical Review
Afstyla	Antihemophilic Factor VIII	Powder for injection	250 unit; 500 unit; 1000 unit; 2000 unit;	Added to PA List, Requires Clinical Review
Idelvion	Recombinant Factor IX Albumin Fusion Protein	Powder for injection	250 unit; 500 unit; 1000 unit; 2000 unit	Added to PA List, Requires Clinical Review
Benefix	Factor IX concentrates	Powder for injection	250 unit; 500 unit; 1000 unit; 2000 unit; 3000 unit	Added to PA List, Requires Clinical Review
Nuwiq	Antihemophilic Factor VIII	Powder for injection	250 unit; 500 unit; 1000 unit; 2000 unit	Added to PA List, Requires Clinical Review

Brand	Generic	Dosage Form	Strength	Update
Advate	Antihemophilic Factor VIII	Powder for injection	250 unit; 500 unit; 1000 unit; 1500 unit; 2000 unit; 3000 unit; 4000 unit	Added to PA List, Requires Clinical Review
Feiba NF	Anti-inhibitor coagulant complex	Powder for injection	500 unit; 1000 unit; 2500 unit	Added to PA List, Requires Clinical Review
Helixate FS	Antihemophilic Factor VIII	Powder for injection	250 unit; 500 unit; 1000 unit; 2000 unit; 3000 unit	Added to PA List, Requires Clinical Review
Hemofil M	Antihemophilic Factor VIII	Powder for injection	250 unit; 500 unit; 1000 unit; 1700 unit; 220 - 400 unit; 401 - 800 unit; 801 - 1700 unit; 1701 - 2000 unit	Added to PA List, Requires Clinical Review
Humate-P	Antihemophilic Factor VIII	Powder for injection	600 unit; 1000 unit; 1200 unit; 2400 unit	Added to PA List, Requires Clinical Review
Monoclote-P	Antihemophilic Factor VIII	Powder for injection	1000 unit; 1500 unit	Added to PA List, Requires Clinical Review
Novoseven	Recombinant Factor VIIa	Powder for injection	1200mcg; 2400mcg	Added to PA List, Requires Clinical Review
Novoseven RT	Recombinant Factor VIIa	Powder for injection	1000mcg; 2000mcg; 5000mcg; 8000mcg	Added to PA List, Requires Clinical Review
Recombinate	Antihemophilic Factor VIII	Powder for injection	220 - 400 unit; 401 - 800 unit; 801 - 1240 unit; 1241 - 1800 unit; 1801 - 2400 unit	Added to PA List, Requires Clinical Review
Xyntha	Antihemophilic Factor VIII	Powder for injection	250 unit; 500 unit; 1000 unit; 2000 unit; 3000 unit	Added to PA List, Requires Clinical Review
Bebulin VH	Factor IX concentrates	Powder for injection	200 - 1200 unit	Added to PA List, Requires Clinical Review
Mononine	Factor IX concentrates	Powder for injection	1000 unit	Added to PA List, Requires Clinical Review
Profilnine SD	Factor IX complex	Powder for injection	500 unit; 1000 unit; 1500 unit	Added to PA List, Requires Clinical Review
Adderall	Amphetamine; Dextroamphetamine	Immediate release tablets	5mg; 10mg; 15mg; 20mg; 30mg	AL added to PDL

Brand	Generic	Dosage Form	Strength	Update
Adderall XR	Amphetamine; Dextroamphetamine	Extended release capsules	5mg; 10mg; 15mg; 20mg; 30mg	AL added to PDL
Focalin	Dexmethylphenidate	Immediate release tablets	2.5mg; 5mg; 10mg	AL added to PDL
Focalin XR	Dexmethylphenidate	Extended release capsules	5mg; 10mg; 15mg; 20mg; 25mg; 30mg; 35mg; 40mg	AL added to PDL, PA required
Dexedrine	Dextroamphetamine	Immediate release tablets	5mg; 10mg	AL added to PDL
Dexedrine Spansule	Dextroamphetamine	Extended release capsules	5mg; 10mg; 15mg	AL added to PDL
Vyvanse	Lisdexamfetamine	Extended release capsules	10mg; 20mg; 30mg; 40mg; 50mg; 60mg; 70mg	AL added to PDL, PA required
	Methylphenidate	Immediate release tablets; Extended release tablets	All strengths	AL added to PDL; some forms require PA.
Strattera	Atomoxetine	Capsule	10mg; 18mg; 25mg; 40mg; 60mg; 80mg; 100mg	AL added to PDL, ST required
Kapvay	Clonidine	Extended release tablet	0.1mg	AL added to PDL, PA required
Intuniv	Guanfacine	Extended release tablet	1mg; 2mg; 3mg; 4mg	AL added to PDL, PA required
