

Provider Resources & Upcoming BH Trainings

Procedures for Using the Health Care Authority's Interpreter Service

In order for interpreter services to be covered by the Health Care Authority (HCA), providers must supply vendor Universal Language Service with the client's full name, DOB, and ProviderOne number, plus the provider's NPI number. For more information about this program, visit hca.wa.gov/billers-providers-partners/programs-and-services/interpreter-services.

No-Cost Community-Based Integrated Care Fellowship – Apply for Mar. 2020 Cohort

What is it? This no-cost, year-long program for psychiatric providers is CME-accredited and gives participants additional training in delivering integrated care in community-based settings.

Who should apply? Psychiatric providers including psychiatrists, psychiatric ARNPs, and psychiatric PAs

When & where: The year-long program begins in March 2020 and includes a weekly 4-hour commitment to the distance learning portion and 4 quarterly 2-day, in-person sessions, to be held in Seattle.

How to apply: For more information and to apply, visit ictp.uw.edu/programs/community-based-integrated-care-fellowship. Applications are due Friday October 25, 2019.

Webinar Training for Treating Patients with Depression

What is it? This training will include evidence-based solutions to issues of initiation and continuation of recommended treatment for patients with depression. Cosponsored by Molina Healthcare and presented by the University of Washington Advancing Integrated Mental Health Solutions (AIMS) Center leadership.

Who should attend? Primary care and behavioral health care providers who would like training in the use of shared decision-making strategies, addressing medication non-adherence, and more.

When & where: Friday, October 18, 2019, 12 p.m. – 1:30 p.m., via webinar

How to register: Please visit bit.ly/2ksPFRH.

Webinar Training on Delivering Suicide Safe Care

What is it? This webinar will feature experts in the region on suicide safe care, to highlight key elements of the 2018 Bree Collaborative Suicide Care Recommendations that practices can learn about and implement.

Who should attend? Clinic administrators and clinicians, including MDs, ARNPs, PAs, RNs, mental health professionals and school counselors, as well as other clinicians and allied health professionals.

When & where: Tuesday, October 22, 2019, 8 a.m. – 9 a.m., via webinar

How to register: Please visit eventbrite.com/e/delivering-suicide-safe-care-registration-69491211083
