A fax bulletin for the Molina Healthcare of Washington Provider Network

COVID-19 Vaccine Survey Distribution (Medicaid)

Dear Provider Partner:

Guided by a request from the Health Care Authority (HCA), all five Apple Health (Medicaid) Managed Care Organizations (MCOs) in Washington State are collaborating on a survey to learn more about barriers to patients accessing the COVID-19 vaccine, hesitancy around receiving the vaccine, and potential solutions and partnership opportunities to get more shots in patients' arms. You will find a link to the survey below, it will take at most 15 minutes to fill out.

Our goal with this survey is to figure out how MCOs can help with access and hesitancy solutions. We are open to all input on barriers and innovative ideas to address barriers. Right now, this survey is being sent to individual primary care provider sites and individual pediatric provider sites. We are open to suggestions about other community organizations that we can also send this survey to for broader community feedback.

Please let us know if you have any questions.

Sincerely,

Molina Healthcare of Washington
