MOLINA MEDICARE DSNP and MI HEALTH LINK (MMP)**

Beginning January 1, 2021, Molina Healthcare of Michigan will DIRECTLY administer the Medicare supplemental, MI Health Link (MMP) and Medicaid chiropractic benefits through your Molina Healthcare of Michigan contract.

What this means to you

Molina Healthcare of Michigan will be responsible for contracting with and processing claims for practitioners providing chiropractic services for all Molina Healthcare of Michigan benefit plans. For Molina Medicare Complete Care and MI Health Link (MMP) members there are currently no prior authorizations required for chiropractic services with participating providers. There are benefit limits or service code restrictions for some benefit plans.

Acupuncture is now a benefit for certain conditions for Medicare and MI Health Link (MMP) members beginning January 1, 2021. A prior authorization will be required for this service through the Central Medicare Unit (CMU), CMU fax: (844)251-1450. Services must meet criteria and be provided by acupuncture providers who meet the CMS required training.

If you were previously contracted with Molina Healthcare of Michigan, there is no contracting action required on your part. Please begin sending claims directly to Molina for dates of service on or after January 1, 2021 as well as following your Molina contract.
