Prior Authorization Services will be Available via Availity Soon!

On April 17, 2021 Molina Healthcare of Michigan (Molina) transitioned to a new provider portal platform called the Availity Provider Engagement Portal. Currently, the following functions are accessible to registered users of Availity:

- Submit claims, send supporting claim documentation, and check claim status.
- Check member eligibility and benefits.
- View remittances and EOPs/EOBs.
- Access Molina-specific resources through a dedicated payer space on Availity Portal:
 - View and navigate through your member roster.
 - Submit claim appeal/dispute/reconsideration.
 - Compare your HEDIS scores with national benchmarks.

Beginning Sept. 29, 2021, the Authorizations & Referrals function will be live on the Availity platform. With this function, providers will be able to submit and view prior authorizations.

NOTE: A previous Molina 'Just the Fax' communication announced a Sept. 18 availability of the Authorizations & Referrals function via Availity – that availability date has been changed to Sept. 29.

This function will be available for Molina Healthcare of Michigan registered Availity users who are assigned one of the following roles:

- Authorization and Referral Request, and/or
- Authorization and Referral Inquiry

Training on the Prior Authorization processes within Availity will be offered later.

If you are not currently registered with Availity, it is easy and free of charge. All you will need to do is [click here to register](#) or go to <https://www.availity.com/provider-portal-registration> for the new Molina Portal with Availity.
