A fax bulletin from Molina Healthcare of Michigan (MHM) March 29, 2021

Temporary Change to Bowel Preparation Product Coverage

There is a reported shortage of certain manufacturers of polyethylene glycol 3350 with electrolytes (PEG-3350) used for bowel preparation used for colonoscopy procedures. There is no identified resolution date for this shortage.

To assist our Molina Healthcare of Michigan **Medicaid members** with obtaining the necessary medications, Molina will **temporarily** allow the following products to be filled at the pharmacy without the need for prior authorization effective immediately.

These medications include:

Product Name	
Clenpiq SOLN 10-3.5-12 MG-GM-GM/160ML	PCP 100 KIT
Colyte with Flavor Packs SOLR 240GM	PEG 3350/Electrolytes SOLR 240GM
GaviLyte-C SOLR 240GM	PEG 3350-KCl-Na Bicarb-NaCl SOLR 420GM
GaviLyte-G SOLR 236GM	PEG-3350/Electrolytes SOLR 236GM
GaviLyte-H KIT 5-210MG-GM	PEG-Prep KIT 5-210MG-GM
GaviLyte-N with Flavor Pack SOLR 420GM	Plenvu SOLR 140GM
Golytely SOLR 227.1GM	Poly-Prep KIT
Golytely SOLR 236GM	Prepopik PACK 10-3.5-12MG-GM-GM
MoviPrep SOLR 100GM	Suprep Bowel Prep Kit SOLN 17.5-3.13-1.6GM/177ML
Nulytely Lemon-Lime SOLR 420GM	TriLyte SOLR 420GM
Nulytely with Flavor Packs SOLR 420GM	

Again, this is a temporary change to assist members and providers due to the shortage of PEG-3350. Molina is monitoring the availability of PEG-3350 with electrolytes. We will notify providers when the shortage is resolved, and the prior authorization is reinstated for the medications **bolded** in the table above.

If you have additional questions please contact your Provider Service Representative directly or you can contact the Provider Services Department at 248.729.0905 or email MHMProviderServicesMailbox@MolinaHealthcare.com

Thank you for serving Molina Members!
