## 2023 RISK ADJUSTMENT DATA COLLECTION

This is an advisory notification to Molina Healthcare of California (MHC) network providers regarding the 2023 Risk Adjustment Data Collection.

Dear Practitioners & Office Managers:

The Centers for Medicare & Medicaid Services (**CMS**) uses Risk Adjustment diagnosis codes and demographic data to appropriately report and produce complete and accurate diagnosis and the health status of Medicare enrollees.

Risk Adjustment data collection and reporting is part of quality improvement and performance assessment, which is mandated by the State and Federal regulatory agencies and national accreditation body.

MHC, with your assistance, will facilitate a medical record review and begin collecting and compiling **Risk Adjustment** data. Beginning **May 22, 2023**, MHC staff will contact you to arrange a convenient collection method of required medical record information.

In order to provide adequate time to prepare the requested information, a member list with required medical record information will be provided and communicated to you. We welcome you to send records fast, quick, and secure by utilizing our Secure Email: [MHCHEDISDepartment@MolinaHealthcare.Com](mailto:MHCHEDISDepartment@MolinaHealthcare.Com).

MHC can also coordinate site visits to access medical records as well, please contact us at **1-562-517-1689**.

As a reminder, providers must follow all HIPAA, State, and Plan contractual requirements when submitting member records that contain PHI electronically via email.

We appreciate your cooperation and professional courtesy to Molina Healthcare Quality Improvement staff, as they begin this year's medical record review process.

Thank you for your assistance in this effort and for your continued work to improve the health of our members and communities.

Sincerely,  
Molina Healthcare of California  
Quality Improvement Department
