Coming soon: Redesigned MolinaHealthcare.com launching August 14

This is an advisory notification to Molina Healthcare of California (MHC) network providers applicable to all lines of business.

What you need to know:

Molina Healthcare is excited to share that a redesigned **MolinaHealthcare.com** is coming soon. Beginning **August 14**, members and providers will see an updated website experience designed to make it faster and easier to find the tools, resources and information they use every day.

The enhanced website will feature a more intuitive design, streamlined navigation and improved search functionality to help support efficient access to provider information and resources.

What providers can expect

The redesigned MolinaHealthcare.com will include:

- **Simplified navigation** to help you locate key information more efficiently
- **Enhanced search capabilities** to quickly find forms, policies and other resources
- **Faster access** to commonly used provider tools and content
- **A cleaner, more consistent user experience** across the website

Whether you are looking for provider forms, reviewing policies and procedures, or helping members find care, the updated site is designed to make these tasks easier to complete.

What is not changing

Although the website's appearance and navigation will be updated, the provider resources and tools you rely on will remain available.

Provider action

Providers should note:

- Your **Availity Essentials provider portal login and access process have not changed**
- Existing provider resources, forms and information remain accessible
- Redirects have been established from previous web pages to their new locations
- Although redirects are in place, updating saved bookmarks will help improve your navigation experience

Molina appreciates your continued partnership and the care you provide to Molina members. We will share additional information as the August 14 launch date approaches.
