Molina Healthcare of California would like to share several important Medi-Cal Rx updates and resources to help ensure continued access to care for Medi-Cal members and to support provider compliance.

Immediate Action Required: Review Medi-Cal Provider Enrollment Requirements

Starting soon, Medi-Cal will only reimburse prescriptions submitted by prescribers (such as doctors, nurse practitioners, or physician assistants) and pharmacists who are enrolled as Medi-Cal providers. Next Steps:

 - Once on the page, scroll down to the search field on the right and enter your individual NPI to verify your enrollment status. If enrolled, no further action is required.
- **If NOT enrolled as a Medi-Cal provider, submit an application using PAVE:**
 1. Navigate to the [PAVE Portal](#).
 2. Once you have created a profile, select **Application**.
 3. Fill out the application and ensure all required documentation is attached.

IMMEDIATE ACTION REQUIRED: Enroll as a Medi-Cal Provider

In alignment with state statute and federal regulations, Medi-Cal will only reimburse prescriptions submitted by prescribers (such as doctors, nurse practitioners, or physician assistants), as well as pharmacists initiating prescriptions under their own scope of practice authority, enrolled as a Medi-Cal provider. Enforcement of this requirement will begin soon, and more specific information will be released once available.

To mitigate potential disruptions in Medi-Cal member care and avoid claim denials once enforcement begins, prescribers are required to complete Medi-Cal enrollment with their individual (Type 1) National Provider Identifier (NPI) as soon as possible. Your early action is critical. Complete the following steps to complete your Medi-Cal enrollment today.

Once on the page, scroll down to the search field on the right and enter your individual NPI to verify your enrollment status. If enrolled, no further action is required.
