# Background

- Effective January 1, 2023, Molina Healthcare of California (MHC) is required to provide doula services for prenatal, perinatal, and postpartum Members.
- Doula services can be provided virtually or in person with locations in any setting, including, but not limited to, homes, office visits, hospitals, or alternative birth centers.
- On November 1, 2023, the Department of Health Care Services (DHCS) issued a statewide standing recommendation that all Medi-Cal members who are pregnant or were pregnant within the past year would benefit from receiving doula services from a Medi-Cal enrolled doula Provider.
- On November 20, 2024, Molina Healthcare of California (MHC) issued a statewide standing recommendation that all Marketplace Members who are pregnant or were pregnant within the past year would benefit from receiving doula services from a Marketplace enrolled doula Provider.
  - The recommendation fulfills the federal requirement for a physician or other licensed practitioner of the health arts acting within their scope of practice to provide a written recommendation for preventive services.

## NPI OVERVIEW
