Medicare and MMP Provider Manual(s) Updated

This is an advisory notification to Molina Healthcare of California (MHC) network providers.

Molina Healthcare of California updated its Medicare and MMP Provider Manual(s) to require compliance with Executive Order 14042. Since the update was issued, a legal challenge has put that order on hold. As a result, the requirements in Executive Order 14042 are on hold. Please be aware that this requirement could be reinstated on short notice based on further court decisions and we will communicate with you if that occurs.

QUESTIONS

If you have any questions regarding the notification, please contact your Molina Provider Services Representative at (888) 562-5442. Please refer to the extensions to the left.
