Provider Email Campaign

This is an advisory notification to Molina Healthcare of California (MHC) network providers applicable to all lines of business.

What you need to know:

Dear Provider,

Great news! MHC is transitioning to a new email communications platform to improve our provider communication experience and ensure timely delivery of important updates.

Important Reminder: All contracted providers must receive provider bulletin communications, which may include regulatory updates, process changes, and health plan announcements. To ensure uninterrupted communication:

- **If you have previously opted to receive email communications** instead of fax and wish to continue receiving emails, and want to continue, please update your information using the link or QR code provided.
- **If you are currently receiving communications via fax** and would like to change to email, please use the link or QR code to submit the required information.

Important Note: If multiple providers share a fax number, faxes may continue unless each provider updates their email preferences individually. To avoid continued fax delivery, please ensure each provider using the shared fax number has submitted their email preferences.

We appreciate your cooperation and patience as we implement this new platform. If you have any questions, please feel free to contact us.

Provider Action

Please use the link or scan the QR code below to update your contact information:
