Quality Improvement Strategies to Improve Vaping Screening - A Training for Providers

This is an advisory notification to Molina Healthcare of California (MHC) network providers applicable to all lines of business.

What you need to know:

We're excited to share an upcoming training opportunity available to our network of healthcare providers, presented by the Anti-Vaping Champions Project at UCLA in collaboration with the American Academy of Pediatrics, California Chapter 2.

This virtual, two-hour training will focus on implementing quality improvement strategies to enhance vaping screening practices in clinical settings. It is designed specifically for healthcare professionals.

Training Topics:

- Current landscape of youth vaping and associated health risks
- Plan-Do-Study-Act (PDSA) quality improvement framework
- Building effective screening workflows in clinical settings
- Motivational interviewing techniques for adolescent patients
- Documentation best practices and EHR integration
- Supporting priority populations with culturally appropriate approaches

Continuing Medical Education (CME) and Model of Care (MOC) Part 2 accreditation is pending.

When is this happening:

The training will take place on **Wednesday, April 30, 2025, from 6:00 PM to 8:00 PM via Zoom.**
