## Molina Provider News:

### **COVID-19 Vaccination Administration (Medicaid Update)**

Molina Healthcare is committed to working with members and providers alike to ensure eligible members are receiving their COVID-19 vaccinations. The purpose of this communication is to advise providers of the billing requirements for COVID-19 vaccine administration. Please note effective March 15, 2021 rates and codes have been updated for COVID-19 administration.

As a reminder, there are no prior authorization requirements for the vaccine administration or product. There are no co-payments for COVID-19 vaccine administration and products.

#### **Eligible Providers and Requirements**

Molina Healthcare will reimburse the following providers (***Participating or Non-Par***) for the administration of the COVID-19 vaccine, for any place of service:

- Physicians and physician extenders, including those functioning in a County Health Department, Federally Qualified Health Center, or Rural Health Clinic.
- Pharmacies for COVID-19 vaccine administration rendered by pharmacists.

The [COVID-19 Vaccination Program Interim Playbook](#) by the Centers for Disease Control and Prevention (CDC) requires providers who are administering COVID-19 vaccinations to enroll in the federal COVID-19 Vaccination Program.

## **Billing & Reimbursement**

Molina Healthcare providers administering COVID-19 vaccines to Molina Healthcare recipients are required to submit claims with the specific vaccine product Current Procedural Terminology (CPT), its corresponding National Drug Code (NDC) and the specific vaccine product administration CPT code in order to receive reimbursement for administration. The manufacturer specific products, NDC, and their dose-specific administration code(s) must be submitted for each COVID-19 vaccine dose administered on the claim form.
