Molina Provider News:

2022 HEDIS®

Molina Healthcare uses the Healthcare Effectiveness Data and Information Set (HEDIS®) tool every year for quality reporting. This is done by looking at the type of care and services provided. Along with more than 90% of American health plans, Molina Healthcare uses HEDIS® results to track quality performance from year to year and to identify opportunities for improvement.

To review your 2022 HEDIS scores, please visit the Molina Provider Portal at: <https://provider.molinahealthcare.com/provider/login> which outlines the HEDIS Measures with their perspective description and billing codes.

If you have any questions, please contact Molina Healthcare at: 855-322-4076

Thank you for your continued care to our members!
