

# Claim Taxonomy Requirement

## \*Reminder\*

As previously communicated to providers, all claims submitted to Molina must include an appropriate taxonomy code to avoid claim denial. This communication serves as a reminder that **Effective May 1, 2023, all claims with taxonomy information must match your provider enrollment data entered with the Agency for Health Care Administration (AHCA).**

**Claims with the incorrect Taxonomy will be denied.**

The NPI to Medicaid ID search engine can be used to search a list of taxonomies appropriate for each provider type and specialty type. The search engine is available on the NPI Initiative page of the Florida Medicaid Public Web Portal for providers to use when registering for an NPI.

The Taxonomy Master List (TML) contains the taxonomy codes for every provider specialty that is accepted by Florida Medicaid. Providers can use the following link to get the updated TML list and ensure they are using the correct Taxonomy when they send the claims to Molina Healthcare Inc.

Claims denials will be reflected on the Explanation of Payment (EOP) as follows:

DENY	REMIT ID	REMIT MESSAGE
6818	N255	Missing/Incomplete/Invalid billing provider taxonomy
6819	N288	Missing/Incomplete/Invalid rendering provider taxonomy

To make corrections to an enrollment record, providers can log into their account via the Medicaid Portal and update their information. For specific updates to a provider's Molina record, providers should contact Molina at 855-322-4076 or [MFLProviderServiceManagement@Molinahealthcare.com](mailto:MFLProviderServiceManagement@Molinahealthcare.com).
