MCG 27th Edition Scheduled to Go Live July 20, 2023

Molina Healthcare of Illinois (Molina) would like providers to know that the MCG 27th Edition will be in effect starting on July 20, 2023. We are sharing instructions on how to access the MCG Summary of Changes.

Several changes that may be of interest are highlighted in the Summary of Changes. **Note:** The Summary of Changes is **not** meant to be a comprehensive list; providers have access to the MCG 27th Edition via the [Availity Essentials Portal](#) through MCG Transparency. In addition, some instances exist when applicable Molina Clinical Policy (if available) will supersede MCG.

Summary of Changes

MCG Summary of Changes outlines notable changes for many guidelines. Within the MCG 27th Edition itself, the table of contents outlines changes for each guideline. Providers can also access a detailed list of changes, which will show all of the changes in each guideline and criteria point compared to the 26th edition (added information as well as extracted information).

A copy of the [MCG 27th Edition Summary of Changes](#) is available on our [Frequently Used Forms page](#) at [MolinaHealthcare.com](#). Open the header called Training & Quick Reference Guides.
