

MHIL Provider Memo

Molina Healthcare of Illinois, Inc. | September 22, 2025

Bausch Termination from Medicaid Drug Rebate Program

Molina Healthcare of Illinois (Molina) is informing providers that Bausch Health US, LLC will terminate its participation in the Medicaid Drug Rebate Program (MDRP) effective **October 1, 2025**.

As a result, Molina Healthcare **will no longer cover Bausch Health products** under the MDRP after this date. This change impacts medications listed on the Preferred Drug List (PDL) **and** those covered outside of it. Providers are encouraged to:

1. **Review impacted medications** and identify patients currently using Bausch Health products (such as Xifaxan and Trulance tablets, Diuril suspension, and Jublia solution, among others).
2. **Transition patients** to covered therapeutic alternatives.
3. **Refer patients to Bausch Health's Patient Assistance Program (PAP)** if medically necessary products are no longer covered. Eligible Medicaid patients may receive certain Bausch Health medications at no cost through the PAP. For more information, visit bauschhealthpap.com or call Bausch at **(833) 862-8727**.

Important: Please ensure your teams are aware of this change and begin planning transitions for affected members to avoid disruptions in care.

Thank you for your continued partnership in member care.
