

Provider Memorandum

UB/837I Drug Code Billing and NDC Requirements

Effective January 1, 2021, Molina Healthcare of Illinois (Molina) will require all claims billed on 837I/UB-04 claim forms to include the appropriate National Drug Code (NDC) for the corresponding billed drug HCPC* codes. This requirement is consistent with the Illinois Department of Healthcare and Family Services (HFS) Hospital Handbook, Chapter 200.

The edit, **M119-Missing/incomplete/invalid/deactivated/withdrawn National Drug Code (NDC)**, will deny claims submitted electronically or on paper UB-04 (837I) forms. It can be found in the Hospital Appendices PDF file on the HFS website.

Molina encourages providers to use this memo as reference when submitting claims.
