When Medicaid Redetermination Resumes

June 2023

Resumption of Medicaid Redeterminations

Defining Redetermination

What is redetermination?

The Michigan Department of Health and Human Services (MDHHS) annually reviews a member's eligibility for Medicaid benefits. This is called redetermination.

What is passive redetermination?

Some members are approved automatically (known as passive redetermination), meaning they do not have to complete the redetermination packet.

Who is included in passive redetermination?

Members are defined based on the type of assistance they receive from the Medicaid program. For example, if a member is a foster child, they are passively redetermined each year, until their birthday at age 26.

When does redetermination occur?

A member's redetermination date is the same month they initially enrolled in Medicaid the first time they applied for benefits. For example, if a member enrolled in April, they would have until April 30th to submit their redetermination paperwork.

How does the redetermination process work?

MDHHS benefit system, MiBridges, generates and sends beneficiaries their redetermination packet **45 days before their redetermination date to the address on file**. Members must complete this packet and return it with proof (documentation) to their assigned MDHHS caseworker.

Resuming Medicaid Redeterminations

- **Why now?**

During the COVID-19 public health emergency (PHE), the redetermination process stopped. Medicaid enrollees retained their health coverage without requiring any annual proof of eligibility. The emergency is now over and MDHHS is restarting this process, beginning in June.

- No enrollees in Medicaid were terminated due to ineligibility during the COVID-19 PHE
- Michigan redeterminations will begin in June. Medicaid members will need to reapply for their Medicaid benefits based on current eligibility, which for many people, have changed.
- Our goal is to help inform and assist members to stay covered, if they are eligible for Medicaid, and to help those who are no longer eligible, to understand what other options are available

Redetermination

GOALS

To work in partnership with the community to ensure that all eligible members/patients for Medicaid complete the redetermination process and keep their health coverage.

WHO

- Any Medicaid recipient who receives a redetermination packet from MDHHS, including:
 - TANF (Temporary Assistance for Needy Families)
 - MMP (Medicare/Medicaid Integrated Duals or MI Health Line),
 - HMP (Healthy MI Medicaid Expansion)
 - ABD (Aged/Blind/Disabled), who receives a redetermination packet from MDHHS
- Will members be passively renewed?
Yes, but only 20% of members.

EFFECTS

- Anxiety about what to do and about losing coverage
- Lack of knowledge about specifics regarding the redetermination process
- May not seek needed care if they lose coverage, potentially leading to worse health outcomes

Approximately, 80% of members **WILL NEED** to complete redetermination paperwork or they will be disenrolled from the Medicaid program.

Redetermination Alert

If a member's redetermination paperwork is **NOT** completed and sent to MDHHS, the member will be disenrolled from the Medicaid program.

What to do now:

- 1** Update your address, phone number, and email address.
- 2** Report any changes to your household or income.

What is Molina doing to support providers?

How does redetermination affect providers?

- If your patient needs to complete redetermination and does not,
 - they will lose Medicaid coverage
 - potentially become uninsured
 - may suffer declining health because he/she cannot afford care
- Without the Medicaid population, your practice may see declining revenue
- Your practice may experience increased bad debt due to uninsured patients
- Staying informed and providing your patients with guidance and value on the redetermination process will reduce administrative burden

Molina is ready and willing to help you!

How will Molina support providers?

- Offering member-facing materials to support your patients in completing redetermination paperwork
- MDHHS to provide information, supported with specific member lists for provider direct mailings
 - Anticipated in May-June
- Keeping offices continuously informed of updates and changes in the redetermination process

In May Availity Provider Portal will post a notation to remind providers of upcoming redetermination:

At the top, it shows 'Date of Service Jun 09, 2021', 'Transaction ID: [redacted]', 'Transaction Date: Jun 09 4:19 pm', and 'Customer ID: [redacted]'. Below this is a green header bar with 'Subscriber' and 'Member ID [redacted]'. To the right of the Member ID is a yellow button labeled 'Plan / Coverage Date' and a grey button labeled '[redacted]'. Further right are 'Edit' and 'Print' links. Below the header bar is the Molina Healthcare logo. At the bottom, a green box contains the text: 'MEMBERS MEDICAID RENEWAL IS 03/31/2023.
