Evaluation and Management of Chronic Kidney Disease

Molina Healthcare has adopted the Evaluation and Management of Chronic Kidney Disease Guideline from the National Kidney Foundation, Kidney Disease Outcome Quality Initiative (NKF KDOQI).

The guideline was reviewed and adopted most recently by the Molina Healthcare National Quality Improvement Committee on April 3, 2019.

Clinical guidelines are not used by Molina to decide benefit coverage. The guidelines are an educational tool to aid clinical decision-making. They are not a standard of care. The physician should adapt the guideline when clinical judgment so indicates.
