

Molina Healthcare Provider Services Representative Look Up Tool

Updated: July 2021

Look Up Tool Instructions

The Provider Services Representative Look Up Tool is formatted to allow providers to search for their assigned representative according to their zip code.

The tool is broken down by Service Delivery Area. Within each Service Delivery Area section, the representatives are broken into two categories:

1. Facility, Group & Individual Physicians
2. Zip Codes

Once the appropriate Service Area Section is located within the tool, providers can locate their assigned representative by searching for their facility group or physician name. If their name is not included under that category, providers can search by their zip code.

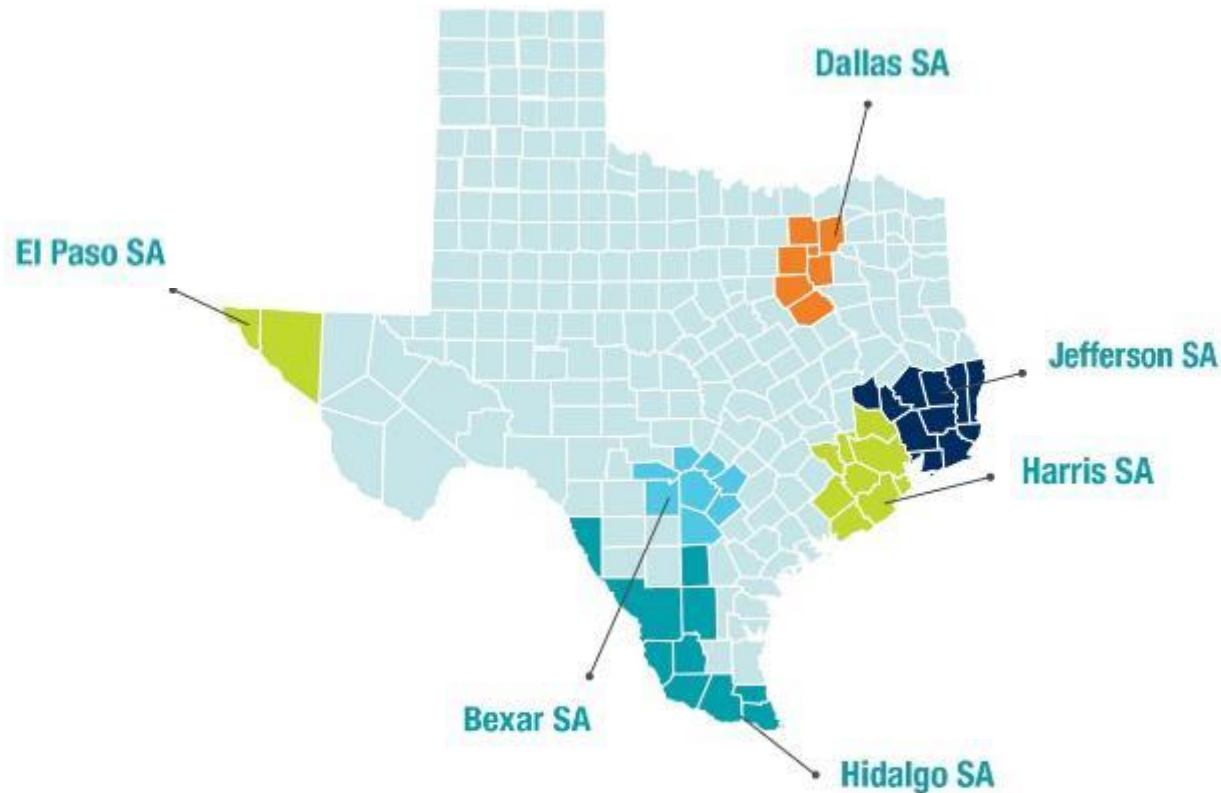

- To locate your **Service Delivery Area Section**, [Click Here](#).

Facilities or Groups with multiple locations across the state have a designated Statewide Facility section of the tool.

- **Statewide Facilities:** [Click Here](#).

Service Delivery Areas

To jump to your Service Delivery Area Section of the look-up tool, please click on the appropriate service area name.

If you are a provider in the CHIP Rural Service Area (RSA), [click here](#).

Statewide Facilities

Including Groups with multiple locations across the state

Statewide Facilities

Press Ctrl + F to open the search box. Type in the name of your Facility and click “Next.”
