				-					-						-					neml I 3-m						

- Benzphetamine, diethylpropion, phendimetrazine, phentermine If the member achieves at least a 10 lb. weight loss during the initial 3 months of therapy, an additional 3-month SA may be granted. Maximum length of continuous drug therapy is 6 months (waiting period of 6 months before next request).
- **Qsymia**® If the member achieves a weight loss of at least 3% of baseline weight, an additional 3-month SA may be granted. For a subsequent renewal, member must meet a weight loss of at least 5% of baseline weight to qualify for an additional 6-month SA. Maximum length of continuous drug therapy is 12 months (waiting period of 6 months before next request).
- Alli®/Xenical® If the member achieves at least a 10 lb. weight loss, an additional 6-month SA may be granted. Maximum length of continuous drug therapy is 24 months (waiting period of 6 months before next request).
- **Contrave**® Approve for 6 months with each renewal if weight reduction continues.
- Saxenda® If the member achieves a weight loss of at least 4% of baseline weight, an additional 6-month SA may be granted as long as weight reduction continues.
- Imcivree™ If the member has experienced ≥ 5% reduction in body weight (or ≥ 5% of baseline BMI in those with continued growth potential), an additional 1 year SA may be granted.
- Wegovy™ If the member achieves a weight loss of at least 5% of baseline weight, an additional 6 month SA may be granted.

**Note** – Renewal SA requests will **NOT** be authorized if the member's BMI is < 24. (Form continued on next page.)
