MCC SA Form: Growth Hormone

Mer	nber's Last Name: Member's First Name:												
Sect	ion B: Pediatric GH Deficiency												
9.	Did the member have a GH response of less than 10 ng/mL (or otherwise abnormal as determined by the lab) of at least 2 GH stimulation tests LFTs?												
10.	Did member have a GH response of less than 15 ng/mL on at least 1 GH stimulation test?												
	Action Required : Please attach documentation of GH stimulation test result. If YES, indicate results.												
11.	 Does the member have a defined CNS pathology, history of cranial irradiation or genetic condition associated GH deficiency? Yes 												
12.	Does the member have both IGF-1 and IGFBP-3 levels below normal for age and gender? Yes No												
	Action Required: If YES, please attach documentation from the medical record showing IGF-1 and IGFBP-3 levels below normal.												
13.	Does the member have 2 or more documented pituitary hormone deficiencies other than GH? Yes No												
14.	Did the member have an abnormally low GH level in association with neonatal hypoglycemia? Yes No												
	Action Required: If YES, please attach documentation of GH level.												
Sect	ion C: Pediatric Chronic Kidney Disease/ Chronic Renal Insufficiencies												
15.	Does the member have any of the following? Indicate any/all the apply:												
	Creatinine clearance of 75 mL/min/1.73 m2 or less												
_	Serum creatinine greater than 3.0 g/dL None of the above												
	ion D: Pediatric Chronic Kidney Disease												
16.	Is this request for a new start, restart (re-initiation) or continuation of GH therapy? New start, no further questions Restart Continuation												
17.	Was GH therapy previously approved for this member?												
18.	What is the member's current height in inches? Action Required: Please attach documentation from the medical record of current height. If Restart, no further questions.												
19.	Is the member's growth velocity at least 2 cm per year while on GH therapy?												
	Action Required : If YES, please attach documentation from medical record supporting growth velocity of at least 2 cm/year.(Form continued on next page.)
