Molina Complete Care completed a claims system configuration project that allows for claims submitted with the 12.5% increase to be reviewed and adjusted to pay.

For providers who originally billed less than the increased rate for dates of service on or after 7/1/2021, you are required to submit a corrected bill to be paid at the newly increased rate.

Please remember when submitting corrected claims electronically, make sure you utilize the **resubmission code '7' for box 22** (or the appropriate loop) along with the original claim number.

Please contact the statewide **LTSS Network Manager, Beau Thompson** at William.Thompson@Molinahealthcare.com with any questions. Thank you.
