A fax bulletin for the Molina Healthcare of Washington Provider Network

## **Prior Authorization Change for HCPCS Code E2300 Effective November 1, 2019 (Medicaid and Marketplace)**

Effective November 1, 2019, requirements for prior authorization (PA) with Molina Healthcare of Washington will change for **HCPCS code E2300** (Wheelchair accessory, power seat elevation system, any type). This change affects Apple Health, IMC, and Marketplace lines of business.

Previously, HCPCS code E2300 did not require PA. However, Molina will now require submission of a PA request for both participating and non-participating providers for claims submitted for any place of service. Please submit an invoice detailing costs along with supporting documentation at the time of the PA request.

As always, clinical notes are required for review and approval of your PA request. Submitting a single fax that includes the clinical notes and the PA request is recommended in order to receive a timely and accurate decision.

### **Forms:**

For our PA forms, please see our provider website at:
