A fax bulletin for the Molina Healthcare of Washington Provider Network

Updated

Prior Authorization Change Effective April 1, 2020

Apple Health (Medicaid)

Effective April 1, 2020, requirements for Prior Authorization with Molina Healthcare of Washington will change for several HCPCS and CPT codes. Changes will affect our Apple Health - Integrated Managed Care (IMC) line of business. A separate Blast Fax will be sent regarding Marketplace changes to Prior Authorization requirements.

Currently, the codes noted below do not require Prior Authorization. Molina will require submission of a request for both participating and non-participating providers for claims submitted for any place of service (except the emergency room setting). This change applies to dates of service April 1, 2020, and ongoing.
