A fax bulletin for the Molina Healthcare of Washington Provider Network

Updated Sterilization Consent Form Available (Medicaid)

Molina Healthcare of Washington, Inc. (Molina) would like to share an update of information recently received from the Health Care Authority (HCA) regarding the federal Consent for Sterilization form (HHS-687) issued by the U.S. Department of Health & Human Services.

The Centers for Medicare and Medicaid Services (CMS) released the updated version of the sterilization consent form. Effective immediately, use the updated version of HHS-887 when obtaining initial consent for sterilization procedures. If a patient has already provided initial consent on the expired version of HHS-687, it is not necessary to obtain consent on the updated HHS-687 form. HHS-687 forms with the expiration date of April 30, 2022, will be accepted for sterilization claims with a date of service on or before February 28, 2023.

The updated form can be found in the following locations:

- U.S. Department of Health & Human Services website under Key Resources for Title X Grantees | HHS Office of Population Affairs. <https://opa.hhs.gov/grant-programs/title-x-service-grants/key-resources-title-x-grantees> ; and
- The HCA's website on the provider billing guides and fee schedule web page, under the Sterilization dropdown. <https://www.hca.wa.gov/billers-providers-partners/prior-authorization-claims-and-billing/provider-billing-guides-and-fee-schedules>

If you have any questions, contact Molina Provider Services at (855) 322-4082.

Thank you for serving Molina members.
