

BEHAVIORAL HEALTH INTEGRATION FOR PRIMARY CARE PROVIDERS

When:

December 12, 2019

8:00 AM- 9:00 AM

This webinar will provide an overview of the Bree Collaborative recommendations for integration of behavioral health in primary care. It will include the perspective of the University of Washington AIMS Center that supports implementation of these standards as well as the perspective of a pediatric and adult primary care practice who have adopted these recommendations in their care delivery models.

Audience:

Primary Care practice administrators and providers
