Dear Provider:

Molina Healthcare of Wisconsin, Inc. is happy to announce a partnership with **ProgenyHealth**, a company which specializes in Neonatal Care Management Services based on Plan's Program. This is an exciting opportunity. ProgenyHealth's care management program will enhance services to our members and support our mission to make a lasting difference in our members' lives by improving their health and well-being.

Under the agreement that begins June 30, 2025, ProgenyHealth's Neonatologists, Pediatricians and Neonatal Nurse Care Managers will work closely with Molina Healthcare of Wisconsin members, as well as attending physicians and nurses, to promote healthy outcomes for Molina Healthcare of Wisconsin premature and medically complex newborns.

The benefits of this partnership to you include:

- The support of a team that understands the complexity and stress of managing infants in the NICU and will work with you to achieve the best possible outcomes.
- A collaborative and proactive approach to care management that supports timely and safe discharge to home.
- A team that believes in sharing best practices and works with NICUs nationwide to improve the health outcomes of our next generation.

Families will have a dedicated case manager who will give support and education to members in the program, and access to an "on-call" staff member available 24/7. For our hospitals, ProgenyHealth will serve as a liaison for Molina Healthcare of Wisconsin providing inpatient review services and assisting with the discharge planning process to ensure a smooth transition to the home setting.

**Your process for notifying Molina Healthcare of Wisconsin of infants admitted to a NICU or special care nursery will change on June 30, 2025.**

Please notify ProgenyHealth directly of admissions via Sfax at 866-803-1125 and their clinical staff will contact your designated staff to perform utilization management and discharge planning throughout the inpatient stay.
