Molina Dual Options MI Health Link Medicare-Medicaid Plan | 2025 *List of Covered Drugs* (Drug List or Formulary)

Introduction

This document is called the *List of Covered Drugs* (also known as the *Drug List*). It tells you which prescription drugs are covered by Molina Dual Options. The *Drug List* also tells you if there are any special rules or restrictions on any drugs covered by Molina Dual Options. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “*Drug List*” for short.)

The drugs on the *List of Covered Drugs* in section C1 are the drugs covered by Molina Dual Options. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Molina Dual Options will cover all medically necessary drugs on the *Drug List* if:
 - your doctor or other prescriber says you need them to get better or stay healthy, **and**
 - you fill the prescription at a Molina Dual Options network pharmacy.
- Molina Dual Options may have additional steps to access certain drugs (refer to question B4 below).

If you have questions, please call Molina Dual Options at (855) 735-5604, TTY: 711, Monday – Friday, 8 a.m. to 8 p.m., ET. The call is free. **For more information**, visit MolinaHealthcare.com/Duals.

You can also find an up-to-date list of drugs that we cover on our website at MolinaHealthcare.com/Duals, ask your Care Coordinator for help, or call Member Services toll-free at (855) 735-5604, TTY: 711, Monday – Friday, 8 a.m. to 8 p.m., ET.

B2. Does the *Drug List* ever change?

Yes, and Molina Dual Options must follow Medicare and Michigan Medicaid rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval (PA) for a drug. (PA is permission from Molina Dual Options before you can get a drug.)
- Add or change the amount of a drug you can get (called “quantity limits”).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check Molina Dual Options’s up to date *Drug List* online at MolinaHealthcare.com/Duals. Updates to the *Drug List* are posted on the website monthly.
- You can also call Member Services to check the current *Drug List* at (855) 735-5604, TTY: 711, Monday – Friday, 8 a.m. to 8 p.m., ET.

B3. What happens when there is a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new version of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug will stay the same. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.

If you have questions, please call Molina Dual Options at (855) 735-5604, TTY: 711, Monday – Friday, 8 a.m. to 8 p.m., ET. The call is free. **For more information**, visit MolinaHealthcare.com/Duals.

- We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
- We can make these changes only if the drug we are adding:
 - Is a new generic version of a brand name drug, or
 - Is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).

Some of these drug types may be new to you. For more information, refer to Section B14.

- You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or effective or the drug's manufacturer takes a drug off the market, we may immediately take it off the *Drug List*. If you are taking the drug, we will send you a notice after we make the change. Talk with your doctor or other prescriber to find an alternative that is safe for you.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that is not new to the market, or
- we remove an original biological product when adding a biosimilar, or
- we change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- tell you at least 30 days before we make the change to the *Drug List* **or**
- let you know and give you a 31-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there is a similar drug on the *Drug List* you can take instead **or**
- whether to ask for an exception from these changes. To learn more about exceptions, refer to question B10.

If you have questions, please call Molina Dual Options at (855) 735-5604, TTY: 711, Monday – Friday, 8 a.m. to 8 p.m., ET. The call is free. **For more information**, visit MolinaHealthcare.com/Duals.

B4. Are there any restrictions or limits on drug coverage? Or are there any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization (PA) or approval:** For some drugs, you or your doctor or other prescriber must get PA from Molina Dual Options before you fill your prescription. If you don't get approval, Molina Dual Options may not cover the drug.
- **Quantity limits:** Sometimes Molina Dual Options limits the amount of a drug you can get.
- **Step therapy:** Sometimes Molina Dual Options requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your prescriber thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables in section C1. You can also get more information by visiting our website at MolinaHealthcare.com/Duals. We have posted online documents that explain PA and step therapy restrictions. You may also ask us to send you a copy.

You can also ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Please refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table of drugs in section C1 has a column labeled "Necessary actions, restrictions, or limits on use."

B6. What happens if Molina Dual Options changes their rules about some drugs (for example, PA or approval, quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change PA, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

If you have questions, please call Molina Dual Options at (855) 735-5604, TTY: 711, Monday – Friday, 8 a.m. to 8 p.m., ET. The call is free. **For more information**, visit MolinaHealthcare.com/Duals.

- You can search alphabetically by the drug's name, **or**
- You can search by medical condition.

To search **alphabetically**, refer to the Index of Covered Drugs section. You can find it in section D.

To search **by medical condition**, find the section labeled "Drugs Grouped by Medical Condition" in section C1. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular. That is where you will find drugs that treat heart conditions.

B8. What if the drug I want to take is not on the *Drug List*?

If you don't find your drug on the *Drug List*, call Member Services at (855) 735-5604, TTY: 711, Monday – Friday, 8 a.m. to 8 p.m., ET and ask about it. If you learn that Molina Dual Options will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Please refer to questions B10-B12 for more information about exceptions.

B9. What if I am a new Molina Dual Options member and can't find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 31-day supply of your drug during the first 90 days you are a member of Molina Dual Options. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 31 days of medication.

We will cover a 31-day supply of your drug if:

- you are taking a drug that is not on our *Drug List*, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires PA by Molina Dual Options, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are in a nursing home or other long-term care facility, and need a drug that is not on the *Drug List* or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

If you have questions, please call Molina Dual Options at (855) 735-5604, TTY: 711, Monday – Friday, 8 a.m. to 8 p.m., ET. The call is free. **For more information**, visit MolinaHealthcare.com/Duals.

- We will cover one 31 supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Molina Dual Options member.
- This is in addition to the temporary supply during the first 90 days you are a member of Molina Dual Options.

Transition Policy

New members in our Plan may be taking drugs that aren't on our formulary or that are subject to certain restrictions, such as prior authorization or step therapy. Current members may also be affected by changes in our formulary from one year to the next. Members should talk to their doctors to decide if they should switch to a different drug that we cover or request a formulary exception in order to get coverage for the drug. See the Member Handbook to learn more about how to request an exception. Please contact Member Services if your drug is not on our formulary, is subject to certain restrictions, such as prior authorization or step therapy, or will no longer be on our formulary next year and you need help switching to a different drug that we cover or requesting a formulary exception.

During the period of time members are talking to their doctors to determine the right course of action, we may provide a temporary supply of the non-formulary drug if those members need a refill for the drug during the first 90 days of new membership in our Plan for Part D drugs (tiers 1 and 2) and 90 days for your Medicaid drugs (tier 3). If you are a current member affected by a formulary change from one year to the next, we will provide a temporary supply of the non-formulary drug if you need a refill for the drug during the first 90 days of the new plan year.

When a member goes to a network pharmacy and we provide a temporary supply of a drug that isn't on our formulary, or that has coverage restrictions or limits (but is otherwise considered a "Part D drug"), we will cover a 31-day supply (unless the prescription is written for fewer days). After we cover the temporary 31-day supply, we generally will not pay for these drugs as part of our transition policy again.

We will provide you with a written notice after we cover your temporary supply. This notice will explain the steps you can take to request an exception and how to work with your doctor to decide if you should switch to an appropriate drug that we cover.

If a new member is a resident of a long-term-care facility (like a nursing home), we will cover a temporary 31-day transition supply (unless the prescription is written for fewer days). If necessary, we will cover more than one refill of these drugs during the first 90 days a new member is enrolled in our Plan. If the resident has been enrolled in our Plan for more than 90 days and needs a drug that isn't on our formulary or is subject to other restrictions, such as step therapy or dosage limits, we will cover a temporary 31-day emergency supply of that drug (unless the prescription is for fewer days) while the new member pursues a formulary exception. Exceptions are available in situations where you experience a change in the level of care you are receiving that also requires you to transition from one facility or treatment center to another. In such circumstances, you would be eligible for a temporary, one-time fill exception even if you are outside of the first 90 days as a member of the plan.

If you have questions, please call Molina Dual Options at (855) 735-5604, TTY: 711, Monday – Friday, 8 a.m. to 8 p.m., ET. The call is free. **For more information**, visit MolinaHealthcare.com/Duals.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask Molina Dual Options to make an exception to cover a drug that is not on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, Molina Dual Options may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or PA requirements.

B11. How can I ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9, of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours. Your prescriber can call Molina Dual Options or fax the supporting statement to (866) 290-1309.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

Molina Dual Options covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilars alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original

If you have questions, please call Molina Dual Options at (855) 735-5604, TTY: 711, Monday – Friday, 8 a.m. to 8 p.m., ET. The call is free. **For more information**, visit MolinaHealthcare.com/Duals.

biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to Chapter 5 of the *Member Handbook*.

B15. What are OTC drugs?

OTC stands for “over-the-counter.” Molina Dual Options covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Molina Dual Options *Drug List* to find out what OTC drugs are covered.

B16. What is my copay?

As a Molina Dual Options member, you have no copays for prescription and OTC drugs as long as you follow Molina Dual Options’s rules.

B17. What are drug tiers?

Tiers are groups of drugs.

- Tier 1 drugs are generic drugs.
- Tier 2 drugs are brand name drugs.
- Tier 3 drugs are OTC drugs.

All tiers have no copay.

C. Overview of the List of Covered Drugs

The following list of covered drugs gives you information about the drugs covered by Molina Dual Options. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in section D. The index alphabetically lists all drugs covered by Molina Dual Options.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., CIPRO), and generic drugs are listed in lower-case italics (e.g., ciprofloxacin).

The information in the necessary actions, restrictions, or limits on use column tells you if Molina Dual Options has any rules for covering your drug.

Note: The * next to a drug means the drug is not a “Part D drug.”

- These drugs have different rules for appeals. An appeal is a formal way of asking us to review a coverage decision and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Michigan Medicaid.
- If you or your prescriber disagrees with our decision, you can appeal. To ask for instructions on how to appeal, call Member Services at (855) 735-5604, TTY: 711,

If you have questions, please call Molina Dual Options at (855) 735-5604, TTY: 711, Monday – Friday, 8 a.m. to 8 p.m., ET. The call is free. **For more information**, visit MolinaHealthcare.com/Duals.

Monday – Friday, 8 a.m. to 8 p.m., ET. You can also read Chapter 9 in the *Member Handbook* to learn how to appeal a decision.

C1. Drugs Grouped by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular. That is where you will find drugs that treat heart conditions.

Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

PA = Prior Authorization (approval): you must have approval before you can get this drug.

QL = Quantity Limits: the amount of the drug that the plan will cover.

ST = Step Therapy Criteria: you must try another drug before you can get this one.

NM = Non-Mail Order: this drug cannot be filled through mail order.

B/D = This drug may be covered under Medicare Part B or D depending upon the circumstances.

LA = Limited Access Drug: this drug may be available only at certain pharmacies.

* = Non-Part D Drugs, or OTC items that are covered by Medicaid.

NDS = Non-Extended Days Supply: you will be limited to how many days supply you can receive.

If you have questions, please call Molina Dual Options at (855) 735-5604, TTY: 711, Monday – Friday, 8 a.m. to 8 p.m., ET. The call is free. **For more information**, visit MolinaHealthcare.com/Duals.

<i>minoxidil</i> TABS 2.5mg, 10mg	\$0(1)	
<i>ranolazine</i> TB12 500mg, 1000mg	\$0(1)	
<i>VERQUVO</i> TABS 2.5mg, 5mg, 10mg	\$0(2)	QL (30 tabs / 30 days), PA
NITRATES - DRUGS TO TREAT HEART CONDITIONS		
<i>isosorbide dinitrate</i> TABS 5mg, 10mg, 20mg, 30mg	\$0(1)	
<i>isosorbide mononitrate</i> TB24 30mg, 60mg, 120mg	\$0(1)	
<i>NITRO-BID</i> OINT 2%	\$0(2)	
<i>nitroglycerin</i> PT24 .1mg/hr, .2mg/hr, .4mg/hr, .6mg/hr; SOLN .4mg/spray; SUBL .3mg, .4mg, .6mg	\$0(1)	

You can find information on what the symbols and abbreviations in this table mean by referring to section C1.

Drug Name (By Medical Condition)	WHAT THE DRUG WILL COST YOU (TIER LEVEL)	NECESSARY ACTIONS RESTRICTIONS OR LIMITS ON USE
---	---	--

**PULMONARY ARTERIAL HYPERTENSION - DRUGS TO TREAT
PULMONARY HYPERTENSION**

<i>alyq</i> TABS 20mg	\$0(2)	NDS, QL (60 tabs / 30 days), NM, PA
<i>ambrisentan</i> TABS 5mg, 10mg	\$0(2)	NDS, QL (30 tabs / 30 days), NM, PA
<i>bosentan</i> TABS 62.5mg, 125mg	\$0(2)	NDS, QL (60 tabs / 30 days), NM, PA
OPSUMIT TABS 10mg	\$0(2)	NDS, QL (30 tabs / 30 days), NM, PA
<i>sildenafil citrate (pulmonary hypertension)</i> TABS 20mg	\$0(1)	QL (360 tabs / 30 days), NM, PA
<i>tadalafil (pulmonary hypertension)</i> TABS 20mg	\$0(2)	NDS, QL (60 tabs / 30 days), NM, PA
<i>treprostinil</i> SOLN 20mg/20ml, 50mg/20ml, 100mg/20ml, 200mg/20ml	\$0(2)	NDS, NM, PA
YUTREPIA CAPS 26.5mcg, 53mcg, 79.5mcg	\$0(2)	NDS, QL (140 caps / 28 days), NM, PA
YUTREPIA CAPS 106mcg	\$0(2)	NDS, QL (224 caps / 28 days), NM, PA

**CENTRAL NERVOUS SYSTEM - DRUGS TO TREAT NERVOUS SYSTEM
DISORDERS**

ANTIANXIETY - DRUGS TO TREAT ANXIETY

<i>alprazolam</i> TABS .25mg, .5mg, 1mg, 2mg	\$0(1)	QL (150 tabs / 30 days)
<i>buspirone hcl</i> TABS 5mg, 7.5mg, 10mg, 15mg, 30mg	\$0(1)	
<i>fluvoxamine maleate</i> TABS 25mg, 50mg, 100mg	\$0(1)	
<i>lorazepam</i> CONC 2mg/ml	\$0(1)	QL (150 mL / 30 days)
<i>lorazepam</i> SOLN 4mg/ml, 20mg/10ml	\$0(1)	
<i>lorazepam</i> TABS .5mg, 1mg, 2mg	\$0(1)	QL (150 tabs / 30 days)
<i>lorazepam intensol</i> CONC 2mg/ml	\$0(1)	QL (150 mL / 30 days)

ANTIDEMENTIA - DRUGS TO TREAT DEMENTIA AND MEMORY LOSS

<i>donepezil hydrochloride</i> TABS 5mg; TBDP 5mg	\$0(1)	QL (30 tabs / 30 days)
<i>donepezil hydrochloride</i> TABS 10mg; TBDP 10mg	\$0(1)	
<i>galantamine hydrobromide</i> CP24 8mg, 16mg, 24mg	\$0(1)	QL (30 caps / 30 days)
<i>galantamine hydrobromide</i> SOLN 4mg/ml	\$0(1)	QL (200 mL / 30 days)
<i>galantamine hydrobromide</i> TABS 4mg, 8mg, 12mg	\$0(1)	QL (60 tabs / 30 days)
<i>memantine hcl</i> CP24 7mg, 14mg, 21mg, 28mg; SOLN 2mg/ml; TABS 5mg, 10mg	\$0(1)	PA; PA applies if 29 years and younger

You can find information on what the symbols and abbreviations in this table mean by referring to section C1.

Drug Name (By Medical Condition)	WHAT THE DRUG WILL COST YOU (TIER LEVEL)	NECESSARY ACTIONS RESTRICTIONS OR LIMITS ON USE
<i>memantine hcl tab 28 x 5 mg & 21 x 10 mg titration pack</i>	\$0(1)	PA; PA applies if 29 years and younger
<i>memantine hcl-donepezil hcl cap er 24hr 14-10 mg</i>	\$0(1)	
<i>memantine hcl-donepezil hcl cap er 24hr 21-10 mg</i>	\$0(1)
