B. Background Information about Senior Whole Health and Senior Whole Health NHC's Network Providers

B1. Key terms

This section explains key terms in our *Directory.*

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, Long-term Services and Supports (LTSS), supplies, prescription drugs, equipment, and other services.
  - The term providers includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment. It also includes LTSS providers that you may use as a Senior Whole Health and Senior Whole Health NHC member.
  - Providers that are a part of our plan's network are called network providers.
- **Network** providers have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider** (PCP) is a licensed physician or nurse practitioner who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** or **prior authorization** for a specialist or someone that is not your PCP. A **referral** means that your network PCP must give you approval before you can use the other provider. A **prior authorization** is different than a referral. It means that **Senior Whole Health and Senior Whole Health NHC** (not your network PCP) must give you approval **before** we will cover a specific service, item, or drug or an out-of-network provider. If you don't get a referral or prior authorization, Senior Whole Health and Senior Whole Health NHC may not cover the service, item, or drug.

- Referrals or prior authorization are **not** needed for:
  - emergency care;
  - urgently needed care;
  - kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area;
  - services from a women's health specialist
  - office visits with a network specialist; or
  - flu shots, Hepatitis B vaccinations and pneumonia vaccinations.
- Additonally, if you are eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they are out of our plan's network.
- More information on referrals and prior authorization is available in Chapter 3 of the *Evidence of Coverage*

- You will also be assigned a **Care Team.** Your **Care Team** includes your Nurse Care Manager, PCP and other providers involved in your care. You can also choose family members or caregivers to be part of your Care Team. Just let your Nurse Care Manager know who you'd like to include. Everyone on the Care Team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your Care Team may include:
  - A **Nurse Care Manager (NCM)** who helps you manage your medical providers and services. Your NCM helps you get care, answers questions and more.
  - Your **Primary Care Provider**
  - **Geriatric Support Services Coordinator (GSSC)** to help you find and access support services available to you in the community. The GSSC is based out of your local Aging Services Access Point (ASAP). The ASAP's are listed on pages 2164 - 2165 based on your Provider Search of this Directory. (Both the NCM and GSSC may work as a part of your Care Team to make sure you get the care you need.)

Your Care Team will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you will get the right provider to help you with your concerns.

B2. Wait times for primary care and behavioral health

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;
- within 7 days for services that are not an emergency or urgently needed, but you require medical attention; **or**
- within 30 days for routine and preventative care.

B3. How to choose a Primary Care Provider (PCP)

First, you will need to choose a Primary Care Provider (PCP). If you're getting ongoing specialty care from a provider who is credentialed as a dual PCP and specialist (such as a PCP and a Cardiologist), you may choose your specialist as your PCP. If you have questions, call Member Services at the number in the footer of this document. You can choose any PCP in our network who is accepting new members.

To choose a PCP, refer to the list of providers in section C and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- You may also search for a PCP on our Find a Doctor or Pharmacy search tool at **SWHMA.com**. Search by name, specialty, and proximity to your home.
- If you do not choose a PCP in our network, Senior Whole Health will choose one for you.
- If you want help in choosing a PCP, please call Member Services at the numbers in the footer of this document, Monday-Friday, 8 a.m. to 8 p.m. local time. The call is free. Or, visit **SWHMA.com**.
- If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Member Services at the numbers in the footer of this document and ask **before** you get the service or care.

B4. Long-term Services and Supports (LTSS) providers

As a Senior Whole Health and Senior Whole Health NHC member, you will be able to get Long-term Services and Supports (LTSS) if you need them, such as Adult Day Health, Adult Foster Care, Group Adult Foster Care and Personal Care Attendant services. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital. LTSS is available to members who meet certain clinical and financial requirements.

If you need LTSS, your Nurse Care Manager or Geriatric Support Services Coordinator can help you and your Care Team determine what options are available to support you in the way you want.

B5. How to access Senior Whole Health and Senior Whole Health NHC's network providers

You may need a referral for someone who is not a PCP Provider. There is more information about referrals in section B1.

You must get all of your covered services from providers within our network. If you use providers who are not in Senior Whole Health and Senior Whole Health NHC's network **(without prior authorization), you will have to pay the bill.**

> A **prior authorization** is an approval from Senior Whole Health to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if Senior Whole Health and Senior Whole Health NHC gives you permission first.

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. For some providers, you may need a referral from your PCP.
- Senior Whole Health and Senior Whole Health NHC works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and are not sure if they offer the accommodations you need, Senior Whole Health and Senior Whole Health NHC can help you. Talk to your Nurse Care Manager or Member Services for assistance.

C. Senior Whole Health and Senior Whole Health NHC's List of Network Providers

This part of the Directory includes a list of Senior Whole Health and Senior Whole Health NHC's network providers **who participate** in **and accept** Senior Whole Health and Senior Whole Health NHC. It contains:

- **Health care professionals** including primary care providers, specialists, behavioral health providers, dental service providers, and vision service providers;
- **Facilities** including hospitals, nursing facilities, and behavioral health facilities; and
- **Support providers** including Long-term Services and Supports (LTSS) and community support services (for example, Adult Day Health, Social and Environmental Supports, Adult Foster Care, and Group Adult Foster Care).

Cultural competence training is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

Providers are listed in alphabetical order by last name. You can also find the provider's name and the page where the provider's additional contact information is in the Index at the end of the Directory. Providers are listed in alphabetical order by last name in the Index. In addition to contact information, provider listings also include specialties and skills, such as languages spoken or completion of cultural competence training.

To find a provider close to your home, look for the provider type first, then find the county and zip code. You may also use the Find a Doctor or Pharmacy search tool on our website. Using this tool, you can find providers by proximity to your home.

To request a hard copy of Senior Whole Health and Senior Whole Health NHC's provider directory, please call our Member Service Department at (888) 794-7268, TTY: 711, Monday-Friday, 8 a.m. to 8 p.m. local time. Senior Whole Health and Senior Whole Health NHC will mail a hard copy of the provider directory to you within three (3) business days of your request. Senior Whole Health and Senior Whole Health NHC may ask whether your request for a hard copy is a one-time request or if you are requesting to receive the provider directory in hard copy permanently. If you request it, your request for hard copies of the provider directory remains until you leave Senior Whole Health and Senior Whole Health NHC or request that hard copies be discontinued.

You may get services from any of the providers on this list. For some services, you may need a referral from your PCP or prior authorization from Senior Whole Health and Senior Whole Health NHC.

You may also contact the provider directly to find out if they are accepting new patients.

All providers in this provider directory accept both Medicare and Medicaid.

Esosignifica que aceptan miembros de nuestro plan y proporcionan servicios que cubre nuestro plan. Por lo general, cuando visita a un proveedor de la red, no debe pagar nada por los servicios cubiertos.
- Un **Proveedor de Cuidados Primarios** (PCP) es un médico autorizado o un enfermero especializado que le proporcionan atención médica de rutina. Su PCP llevará un registro de su historia clínica y conocerá sus necesidades de salud a lo largo del tiempo. Su PCP también le dará una remisión en caso de que necesite consultar a un especialista u otro proveedor.

- Los **especialistas** son médicos que prestan servicios de atención médica para una enfermedad o parte del cuerpo específicos. Existen muchos tipos de especialistas. A continuación se proporcionan algunos ejemplos:
  - Los oncólogos se ocupan de los pacientes con cáncer.

Todos los miembros del Equipo de Cuidados trabajan en conjunto para asegurarse de que su atención sea coordinada. Esto significa que se aseguran de que obtiene todas las pruebas, los análisis de laboratorio y otros cuidados que necesita, y los resultados se comparten con los proveedores correspondientes. También significa que su PCP debe estar informado acerca de todos los medicamentos que usted toma a fin de que este pueda reducir cualquier efecto

negativo para su salud. Su PCP siempre solicitará su permiso antes de compartir su información médica con otros proveedores. Su Equipo de Cuidados puede incluir a los siguientes miembros:

- Un **administrador de cuidados de enfermería** (NCM, Nurse Care Manager) que lo ayuda a administrar todos sus proveedores y servicios médicos. Su NCM lo ayuda a obtener atención, responde a preguntas y mucho más.

Los ASAP se enumeran en páginas 2164 - 2165 basadas en la Búsqueda de Proveedores de este Directorio. (Tanto el NCM como el GSSC pueden trabajar como parte de su Equipo de Cuidados para asegurarse de que recibe la atención que necesita).
